Product Disclosure Statement

Issued by Fisher Funds Management Limited
24 May 2022

This is a replacement Product Disclosure Statement (PDS) which replaces the PDS dated 1 December 2021

This document gives you important information about this investment to help you decide whether you want to invest. There is other useful information about this offer on companiesoffice.govt.nz/disclose. Fisher Funds Management Limited has prepared this document in accordance with the Financial Markets Conduct Act 2013. You can also seek advice from a financial adviser to help you to make an investment decision.

1 | KEY INFORMATION SUMMARY

What is this?

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. Fisher Funds Management Limited ('Fisher Funds', 'we' or 'us') will invest your money and charge you a fee for its services. The returns you receive are dependent on the investment decisions of Fisher Funds and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this document.

What will your money be invested in?

Fisher Funds Managed Funds offers you a range of eight investment options to invest in. These investment options are summarised below. More information about the investment target and strategy for each investment option is provided in Section 3.

You can choose to invest in one or more funds as long as you meet the minimum investment and account balance requirements. More on those in Section 2.

Mixed asset portfolios

Investment option	Fund description and investment objective	Risk indicator*	Estimated annual fund charges (% of net asset value)	Performance-based fee
Conservative Fund	Aims to provide stable returns over the long term by investing mainly in income assets with a modest allocation to growth assets.	<div> <div>Lower risk</div> <div>Higher risk</div> <div>1 2 3 4 5 6 7</div> <div>Potentially lower returns Potentially higher returns</div> </div>	1.30%	None
Balanced Strategy 40% Conservative Fund 60% Growth Fund	Aims to provide a balance between stability of returns and growing your investment over the long term by investing in a mix of income and growth assets. Rebalanced each year to the target fund mix of 40% Conservative Fund and 60% Growth Fund.	<div> <div>Lower risk</div> <div>Higher risk</div> <div>1 2 3 4 5 6 7</div> <div>Potentially lower returns Potentially higher returns</div> </div>	1.38%	Yes (see Section 5)
Growth Fund	Aims to grow your investment over the long term by investing mainly in growth assets.	<div> <div>Lower risk</div> <div>Higher risk</div> <div>1 2 3 4 5 6 7</div> <div>Potentially lower returns Potentially higher returns</div> </div>	1.44%	Yes (see Section 5)

* Market index returns as well as the fund's actual returns have been used to fill in the risk indicator, as the mixed asset portfolios commenced less than 5 years ago. As a result of market index returns being used, the risk indicator may provide a less reliable indicator of the potential future volatility of the mixed asset portfolios. Market index returns were used for the period from 1 April 2017 to 31 July 2018.

See Section 4 for an explanation of the risk indicator and for information about other risks that are not included in the risk indicator. To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at ipq.fisherfunds.co.nz/ffmf.

Who manages the Fisher Funds Managed Funds?

Fisher Funds manages the funds. See Section 7 for more information about us.

How can you get your money out?

This is a flexible investment option, and you can usually withdraw some or all of your investment at any time. Below are more details about withdrawing your investment:

- » There's no charge for withdrawals
- » You'll need to complete a withdrawal form
- » There is currently a minimum withdrawal amount of \$1,000 per transaction
- » If you make a partial withdrawal you'll need to ensure you keep a minimum account balance of \$1,000 in each fund you are invested in.

Section 2 provides more information on withdrawing your investment.

Your investment in these funds can be sold but there is no established market for trading these financial products. This means that you may not be able to find a buyer for your investment.

However, because you can withdraw by simply completing a form there's no need to sell your investment to another person unless you wish to.

How will your investment be taxed?

Each fund is a portfolio investment entity (PIE). The amount of tax you pay in respect of a PIE is based on your prescribed investor rate (PIR). This can be 0%, 10.5%, 17.5% or 28%. See Section 6 of the PDS (What taxes will you pay?) on page 13 for more information.

Where can you find more key information?

Fisher Funds is required to publish quarterly updates for each investment option. The updates show the returns, and the total fees actually charged to investors, during the previous year. The latest fund updates are available at fisherfunds.co.nz/resources. The manager will also give you copies of those documents on request.

2 | HOW DOES THIS INVESTMENT WORK?

Your investment in each of the funds is combined with those of other investors and managed by a team of investment professionals on your behalf.

What are the benefits?

Fisher Funds Managed Funds has some great features that we know you'll like:

- » **Investing is all we do:** At Fisher Funds we only do investments. We're not distracted by trying to manage other products or services. You'll have the full attention of our professional investment team with over 300 years' combined experience, who'll make the investment decisions on your behalf.
- » **We have expertise at hand:** We've got a team of passionate, down to earth, advisers who are with you every step of the way.
- » **Value for money:** We're here to help with financial advice at no extra charge to help you make sure your investment choices are aligned with your financial goals.
- » **Flexibility:** You have the ability to add to, withdraw from, or change your investment at anytime.
- » **More options:** Pooling your savings with others gives you access to investment opportunities that are generally available only to those people with significant buying power.

How does it work?

When you invest, your money is used to buy units in your name in the fund or funds that you choose. More information on the funds can be found in Section 3.

- » Each unit you buy will have a price calculated each day based on the value of the fund's assets at the time.
- » Changes in the value of the fund's assets (up or down) are reflected in the unit price.

Each fund in the Fisher Funds Managed Funds is a trust governed by a Governing Document between Fisher Funds and Trustees Executors Limited (the 'Supervisor'). Your investments are held by a custodian appointed by the Supervisor, who is independent from Fisher Funds. Each fund is accounted for separately so assets in one fund can't be used to meet the liabilities of another.

The funds do not currently make distributions. Any income or capital gains are included in the unit price of those funds.

Responsible investment

Responsible investing is deeply ingrained into our research process. We won't invest in manufacturers of tobacco, weapons that cause indiscriminate and disproportionate harm, including nuclear armaments, and companies where their core business includes the ownership of reserves of coal, oil or gas and deriving revenue from the upstream activities associated with these reserves. We won't invest in companies where their core business includes operating gambling establishments, or the manufacture of specialised hardware or software used exclusively for gambling. We also ensure the companies we invest in meet basic standards of good corporate conduct. We supplement our own research with insights from leading global researcher MSCI.

Our Responsible Investment Policy is constantly evolving and is therefore subject to change. The latest version is available at fisherfunds.co.nz.

Making investments

It's easy to invest in the funds and they're open to most people including;

- » Individuals (including joint investment)
- » Trusts or Partnerships
- » Estates
- » Charities
- » Companies
- » Incorporated Societies or Associations.

You can invest in the funds by completing the application form at the back of this document or give us a call for more information.

You can invest anytime by making a lump sum or regular contribution by direct credit transfer or direct debit. Making regular contributions to your investment can help you reach the financial success you dream of.

Fisher Funds Managed Funds does have some minimum investment amounts which are:

- » To start, an initial lump sum of \$2,000
- » Additional lump sums can be deposited — \$1,000 or more anytime
- » If you elect to make regular investments in addition to, or instead of, a lump sum payment the minimum regular investment is \$100 per month.

- » In addition, for entities such as trusts and companies, the minimum investment amount is \$100,000 in aggregate across all of the funds the entity is invested in unless we agree otherwise. This is subject to change at our discretion.

Withdrawing your investments

Fisher Funds Managed Funds gives you the flexibility to withdraw some or all of your investment at any time, and there's no charge to do so.

How to make a withdrawal?

- » Simply complete a withdrawal form (you can download a form from fisherfunds.co.nz/resources)
- » Partial withdrawals need to be \$1,000 or more per transaction
- » Regular withdrawals can be set up on a weekly, fortnightly or monthly basis and must be a minimum of \$100 per transaction.

After you make a partial or a regular withdrawal you must leave a minimum balance of \$1,000 in each fund you are invested in, or we may withdraw your remaining investment in the relevant funds and pay it to you.

What happens when you make a withdrawal?

- » If your withdrawal request form is received by 3pm on any business day, and is fully completed and accompanied by all necessary documentation in the correct form, it will be processed at

the unit price calculated as at the close of the markets on that day (or the next business day if received after 3pm). For funds that only invest in New Zealand or Australian assets this usually means your withdrawal will be processed on the following business day, and for funds that invest in international assets this usually takes 2 business days to process. In certain unusual circumstances withdrawals may take up to 10 business days to complete.

- » PIE tax associated with the withdrawal may be deducted from your account.
- » We can suspend payments of withdrawals in a fund in exceptional circumstances, where it's in the best interests of investors generally. We can also suspend payments if it would not be practicable or desirable, or if it would be prejudicial to the interests of investors to process withdrawals.

How to switch between funds

Fisher Funds Managed Funds offers you a range of funds to choose from, with the flexibility to switch your investment between funds, at any time usually with no charge. We may choose to charge a fee, for example if an investor wanted to make an unreasonable number of switches in a short time.

Switching funds is easy; just complete a switch form at fisherfunds.co.nz/resources.

3 | DESCRIPTION OF YOUR INVESTMENT OPTIONS

Fisher Funds Managed Funds offers a choice of eight investment options so you can choose what's right for you. It's important for you to understand what your financial goals are, the timeframe you have and how much risk you're comfortable to take. Each investment option has different risks and rewards

and is designed to suit different types of investors. You might like to talk to one of our financial advisers or take our investor profile questionnaire at ipq.fisherfunds.co.nz/ffmf before you make your decision.

The funds may hold derivatives (contracts that are valued based on the performance of other assets) e.g. for currency hedging purposes in the funds that invest overseas, and alternative assets (such as investments in commodities), however there is no specific allocation to these investments.

The Statement of Investment Policy and Objectives (SIPO) sets out the investment philosophy, strategies and objectives for the funds. We regularly review and update the SIPO (in consultation with the Supervisor)

to take into account current market conditions. The current SIPO for the funds can be found free of charge on the Disclose Register at companiesoffice.govt.nz/disclose. Any material changes to the SIPO will be advised to you in the Fisher Funds Managed Funds Annual Report.

Further information about the assets in the funds can be found in the fund updates at fisherfunds.co.nz/resources.

4 | WHAT ARE THE RISKS OF INVESTING?

Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

Risk indicators for each fund can be found in Section 3.

Risk indicator

Lower risk			Higher risk			
1	2	3	4	5	6	7
Potentially lower returns			Potentially higher returns			

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at ipq.fisherfunds.co.nz/ffmf.

Note that even the lowest category does not mean a risk-free investment, and there are other risks (described under the heading "Other specific risks") that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the five years to 31 March 2022. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest fund update for the fund.

General investment risks

Some of the things that may cause the funds' value to move up and down, which affect the risk indicator, are:

- » **Investment returns risk** — different types of investments have different risks and perform differently at different times. For example, the return on growth assets tends to go up and down more than the returns from income assets. This means short term fluctuations in the value of a fund are common, especially for funds that invest mostly in growth assets like shares.
- » **Market risk** — investment market performance can be affected by economic conditions such as investor opinion, inflation, employment rates and interest rates (including negative interest rates). Political events, and environmental and technological issues also impact investment market performance.
- » **Currency risk** — investments in foreign assets are bought and sold with foreign currency, and the funds may hold foreign currencies directly. The

value of the foreign assets and currency can change (up or down) when there are movements in the exchange rate between the New Zealand dollar and the foreign currency.

- » **Investment manager risk** — how we choose to allocate each fund's investments will affect that fund's returns. In particular, our investment style may result in our returns differing from any market index and from competing investments.
- » **Credit risk** — the issuer of a security, an institution that we deposit funds with, or a third party that provides a guarantee for either may not honour their obligations, fail to complete transactions, or may become insolvent. If this occurs you may not receive the full amount of your investment in that fund.
- » **Counterparty risk** — a party to an investment contract may not honour their obligations, or fail to complete a transaction, or may become insolvent. If this occurs in any of the investment contracts held by a fund, you may not receive the full amount of your investment in that fund.
- » **Interest rate risk** — fixed interest investments may become more or less valuable depending on changes in interest rates. If market interest rates rise, existing fixed rate investments become less valuable because new fixed interest investments will pay the current, higher rate of interest, and vice versa when market interest rates fall. Interest rate risk is more applicable to funds that invest mostly in income assets such as fixed interest securities.
- » **Liquidity risk** — low liquidity can affect the ability of the fund to make payments when needed (such as meeting withdrawal requests), or you may receive a lesser amount than expected if the assets have to be sold quickly and there are few buyers.
- » **Concentration risk** — as an active manager, we invest the funds in a relatively small number of securities that we have individually researched and hold a high conviction will perform well over the long term. Where a portfolio consists of a small number of securities, the performance of one or a few securities will have a larger impact on the performance of the fund than in a fund that holds a greater number of securities. Concentration risk is more applicable to the Income Fund, Property & Infrastructure Fund, New Zealand Growth Fund, Australian Growth Fund and International Growth Fund.

Further information on risks and the steps we take to reduce their impact on the funds' investments are set out in the "Other Material Information" document on companiesoffice.govt.nz/disclose.

5 | WHAT ARE THE FEES?

You will be charged fees for investing in Fisher Funds Managed Funds. Fees are deducted from your investment and will reduce your returns. If Fisher Funds invests in other funds, those funds may also charge fees. The fees you pay will be charged in two ways:

- » **regular charges** (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term;
- » **one-off fees** (for example, fees charged for investing or withdrawing from the fund or other specific actions you take). Fisher Funds does not currently charge any one-off fees.

The table below shows the charges for each fund including GST. The annual fund charges are based on the fees and expenses from the 31 March 2021 audited financial statements. They are a reasonable estimate of the annual fund charges that are likely to be charged in the future.

Mixed asset portfolios

Investment option	Fixed	Estimated		Total estimated annual fund charges (% of net asset value)	Potential range of performance-based fees ²
	Management Fees	Costs and expenses	Performance-based fees ¹		
Conservative Fund	1.11%	0.19%	n/a	1.30%	n/a
Balanced Strategy	1.20%	0.18%	0.00%	1.38%	0% to 1.20%
Growth Fund	1.27%	0.17%	0.00%	1.44%	0% to 2.00%

¹ The annual fund charges for the Growth Fund and Balanced Strategy include a performance-based fee estimate of 0% based on the long term average performance of the market indices used to measure the performance of the Growth Fund compared against the long term performance of the hurdle rate (see page 12 for a description of the hurdle rate). The performance-based fee is capped at 2% of the average net asset value of the Growth Fund (and therefore 1.20% in the Balanced Strategy).

² The highest historic performance-based fee paid in the Growth Fund was 1.62% with a corresponding annual return after fees of 20.11%.

Sector investment options

Investment option	Fixed	Estimated		Total estimated annual fund charges (% of net asset value)	Potential range of performance-based fees ⁴
	Management Fees	Costs and expenses	Performance-based fees ³		
Income Fund	0.76%	0.16%	n/a	0.92%	n/a
Property & Infrastructure Fund	1.27%	0.26%	0.00%	1.53%	0% to 2.00%
New Zealand Growth Fund	1.27%	0.13%	0.32%	1.72%	0% to 2.00%
Australian Growth Fund	1.27%	0.15%	0.04%	1.46%	0% to 2.00%
International Growth Fund	1.27%	0.15%	0.00%	1.42%	0% to 2.00%

³ Performance-based fees are estimated. Where applicable, the annual fund charges include a performance-based fee estimate based on the long term average performance of the fund's appropriate market indices compared to the long term performance of the hurdle rate of return of the fund.

⁴ A 2% performance-based fee cap was introduced on 1 July 2021. From this date the maximum performance-based fee payable is 2% of each fund's average net asset value per year.

Prior to 1 July 2021 there was no limit to the maximum performance-based fee payable. The highest historic performance-based fee paid in each fund since the introduction of that fund's current hurdle rate of return and the corresponding annual returns after fees were:

- » Property & Infrastructure Fund performance-based fee 2.28%, corresponding annual return after fees 24.25%
- » New Zealand Growth Fund performance-based fee 2.90%, corresponding annual return after fees 37.05%
- » Australian Growth Fund performance-based fee 2.80%, corresponding annual return after fees 32.60%
- » International Growth Fund performance-based fee 3.50%, corresponding annual return after fees 38.64%

Description of the above fees

Annual fund charges:

Are made up of:

- » The **management fee** charged by Fisher Funds for providing investment management services to the funds.
- » **Costs and expenses** incurred in relation to the funds for services such as accounting, custodian, unit pricing, audit services and include the Supervisor's fees.
- » The estimated **performance-based fee**, which is charged when we beat the high water mark and achieve the hurdle rate of return (both terms are explained below).

There is no performance-based fee for the Conservative Fund and Income Fund.

The performance-based fees are calculated daily and payable within three business days of 30 June each year.

The performance-based fees are capped at 2% of each fund's average net asset value per year.

A performance-based fee will apply to the Balanced Strategy in relation to the proportion invested in the Growth Fund.

The performance-based fees payable are 10% of the excess return above the hurdle rate of return (assuming we have beaten the high water mark), plus GST, subject to any caps as above.

- » A **high water mark** is used in the calculation of the performance-based fee to ensure that we are only rewarded for investment performance once. This is generally the highest unit price on which any previous performance-based fee was paid. Performance-based fees are payable only if the fund's performance exceeds the high water mark. This means that we don't get rewarded for making up any investment loss the fund incurs.
- » The **hurdle rate of return** is the minimum return the fund must achieve before being able to charge a performance-based fee.

The hurdle rates of return for the funds are as follows:

Growth Fund, New Zealand Growth Fund, Australian Growth Fund, and International Growth Fund The Official Cash Rate plus 5%, subject to beating the high water mark described above.

Property & Infrastructure Fund
The Official Cash Rate plus 3% subject to beating the high water mark described above.

In our fund updates, we compare the funds' performance against a combination of market indices appropriate to the asset classes the funds invest in. Our view is these indices provide the best comparison of how the funds should perform. However the hurdle rate of return for the performance-based fee payable to us is based on the Official Cash Rate plus a margin (as described above). This means you may pay a performance-based fee even if the funds' performance does not match or beat the market index which has more comparable assets. However, you will never pay a performance-based fee if your investment performance is negative, which could occur if the performance-based fee is linked to market returns and market returns are negative to a greater extent than the investment returns of the fund.

The annual fund charges are paid from the funds, or the underlying funds they may invest in.

Individual action fees

There are no contribution, establishment, termination, or withdrawal fees charged.

You may be charged other fees by us on an individual basis for investor-specific decisions or actions, though this is rare. You may be charged a fee by your financial adviser. See the Fisher Funds Managed Funds 'Other Material Information' document at fisherfunds.co.nz/resources for more information about those fees.

Example of how fees apply to an investor

Katie invests \$10,000 in the Australian Growth Fund. The starting value of her investment is \$10,000. She is also charged management and administration fees which work out to about \$146 (1.46% of \$10,000). These fees might be more or less if her account balance has increased or decreased over the year.

Katie may also be charged a performance-based fee if her fund earned more than its target.

Estimated total fees for the first year

Individual action fees	Nil
Fund charges	\$146.00
Other charges	Nil
Total	\$146.00

See the latest fund update for an example of the actual returns and fees investors were charged over the past year.

This example applies only to the Australian Growth Fund. If you are considering investing in other funds in the scheme, this example may not be representative of the actual fees you may be charged.

You can work out the estimated total fees for any other fund by multiplying that fund's estimated annual fund charge by \$10,000.

The fees can be changed

Our fees may change or new fees may be added – we'll let you know if they do. If we do make any changes to the fees, we'll make sure they are changed within the rules set by the Governing Document. Fisher Funds must publish a fund update for each fund showing the fees actually charged during the most recent year. Fund updates, including past updates, are available at fisherfunds.co.nz/resources.

6 | WHAT TAXES WILL YOU PAY?

Each of the funds in the Fisher Funds Managed Funds is a portfolio investment entity. The amount of tax you pay is based on your prescribed investor rate (PIR). To determine your PIR, go to fisherfunds.co.nz/faqs. If you are unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue Department. It is your responsibility to tell Fisher Funds your PIR when you invest or if your PIR changes. If you do not tell Fisher Funds, a default rate may be applied. If the rate applied to your PIE income is lower than your correct PIR you will be required to pay any tax shortfall as part of the income tax year-end process. If the rate

applied to your PIE income is higher than your PIR any tax over-withheld will be used to reduce any income tax liability you may have for the tax year and any remaining amount will be refunded to you by Inland Revenue.

Joint investors, companies and trusts may be taxed differently to individuals. For example, for a joint application we will use the highest PIR provided by the applicants. See under the heading 'Tax' in the 'Other Material Information' document at fisherfunds.co.nz/resources for more information on how your investment earnings are taxed. Or give us a call for more information on investment tax.

7 | WHO IS INVOLVED?

About Fisher Funds

Fisher Funds is the manager of the funds. We're a majority New Zealand owned and operated company with over two decades of investing experience. Section 2 – Identification options

Fisher Funds is required to verify the identity of new clients and associated parties under the AML/CFT Act. We offer clients two ways to confirm their identity.

Option 1 – Electronic identity verification (not available for minors)

Fisher Funds has the ability to electronically verify your identity and address. Once we have received your application we will send you an SMS via our third party partner to biometrically verify your identity. To complete this method of verification you must have: a smartphone (with a front camera that is capable of taking a photo/video) and a current (not expired) version of one of the following: New Zealand Passport; New Zealand Drivers Licence; Australian Passport; or Australian Drivers Licence.

If this method of identification is unsuccessful you will be required to provide certified ID and proof of address.

Option 2 – Certified copies of identity documents and proof of residential address

Please provide a certified copy of your identity documents and proof of your residential address. Refer to Sections 3 and 4 for information on acceptable identity documents and who can certify them.

Investor 1: Preferred identification method – please select one of the following options:

☐

Option 1 – I would like Fisher Funds to electronically verify my identity

☐

Option 2 – I would like to provide Fisher Funds with certified copies of my identity documents

Investor 2: Preferred identification method – please select one of the following options:

☐

Option 1 – I would like Fisher Funds to electronically verify my identity

☐

Option 2 – I would like to provide Fisher Funds with certified copies of my identity documents

Identity documents for account holders under 18

Parents/Guardians of the minor are required to provide identification documents.

We require the following identification for the minor:

- » Full Birth Certificate*, AND
- » Proof of relationship for the parents/guardians of the minor (e.g. birth certificate* if not already provided, Adoption papers, guardianship forms, court order).

** Birth certificates for minors are not required to be certified.*

Section 3 – Certified identity documents

If you selected Option 2 as your preferred way for us to verify your identity please select one of the certified identification options below. If you have selected Option 1 you do not need to provide certified ID now.

We are only able to accept original certified copies of certified ID (i.e. the copy that has been physically certified). These documents must be posted to us, our postal address is on page 15.

If you are an existing Fisher Funds client we may have your identification documents on file, please contact us to confirm this. We may request new identification documents from you.

Section 5 – Details of associated owner(s) of the trust

Each and all of the following persons associated with this account application must complete this section.

» Nominee Trustees, Nominator, Trustees, Appointers/Protectors and Settlers (that have the power to make changes to the trust)

If you have a professional (corporate) trustee company as a current trustee please enter their details in Section 6.

If there are more than three persons associated with the account, an Additional Account Owner(s) or Signatory will need to be completed by each person that does not complete their details below. This form is available from our website fisherfunds.co.nz/forms

Fisher Funds is required to verify the identity of new clients and associated parties under the AML/CFT Act. We offer clients two ways to confirm their identity. We are required to identify all persons in Sections 5 and 6.

Option 1 – Electronic identity verification

Fisher Funds has the ability to electronically verify your identity and address. Once we have received your application we will send you an SMS via our third party partner to biometrically verify your identity. To complete this method of verification you must have: a smartphone (with a front camera that is capable of taking a photo/video) and a current (not expired) version of one of the following: New Zealand Passport; New Zealand Drivers Licence; Australian Passport; or Australian Drivers Licence.

If this method of identification is unsuccessful you will be required to provide certified ID and proof of address.

Option 2 – Certified copies of identity documents and proof of residential address

Please provide a certified copy of your identity documents and proof of your residential address. Refer to Sections 7 and 8 for information on acceptable identity documents and who can certify them.

Section 12 – Privacy statement

Your personal information may be used by Fisher Funds and the Supervisor (and any of their respective related entities), and by service providers to Fisher Funds and the Supervisor (and their respective related entities) to provide services in relation to your investment and to promote to you other products and services. Such information, including your account information, may be shared with and used by your financial adviser or the distributor through which you joined the Scheme (if applicable) and by the Financial Advice Provider associated with that adviser or distributor for the purpose of providing ongoing financial advice and/or services to you. Fisher Funds may also be required to disclose your information to the Financial Markets Authority, other regulatory authorities or on receipt of a court order.

The information you provide may also be used to electronically verify your identity and address (if necessary), and may be disclosed to third parties including government agencies for this purpose.

You have the right to access the information held by Fisher Funds and you may also request that it be corrected. You can do this by contacting us at enquiries@fisherfunds.co.nz or call us on 0508 FISHER (0508 347 437). If you contact us or we contact you, we may keep a record of that contact. We may also monitor and record calls you make to us and that we make to you. If you are concerned about a possible interference with your privacy, you should contact us by writing to The Privacy Officer, Fisher Funds Management Limited, Private Bag 93502, Auckland 0740 or email privacy@fisherfunds.co.nz. If your concerns are not resolved to your satisfaction, the matter can be referred to the Privacy Commissioner on 0800 803 909 or enquiries@privacy.org.nz.

Section 3 – Entity Source of Wealth/Funds

Please provide a brief explanation of how the entity generates/generated its wealth, what the nature of the entity is and what it has been established to achieve.

For example, ABC Limited is a software business which generates it's wealth by selling software to their customers.

Is the entity a vehicle for holding personal assets?

A vehicle for holding personal assets is defined as an entity that has not been established for goods and services but has been established for the benefit of directors and/or shareholders.

☐

Yes – see below

☐

No – go to Section 4

We will require the entity to provide supporting documentation to verify the Source of Wealth and Source of Funds. Please speak to a Fisher Funds adviser if you're unsure of the most suitable documentation to provide.

Section 4 – Details of associated owner(s) of the entity

Each and all of the following persons associated with this account application must complete this section.

- >25% shareholders, company directors, authorised official (i.e. society president), nominee directors, nominee shareholders, persons acting under Power of Attorney, any other person authorised to operate the account or who has the ability to significantly influence decisions of the investor or other person on whose behalf the investment is made

If there are more than three people associated with the account, an **Additional Account Owner(s) or Signatory Form** will need to be completed by each person that does not complete their details below. This form is available from our website fisherfunds.co.nz/forms

Fisher Funds is required to verify the identity of new clients and associated parties under the AML/CFT Act. We offer clients two ways to confirm their identity. We are required to identify all persons in Section 4.

Option 1 – Electronic identity verification

Fisher Funds has the ability to electronically verify your identity and address. Once we have received your application we will send you an SMS via our third party partner to biometrically verify your identity. To complete this method of verification you must have: a smartphone (with a front camera that is capable of taking a photo/video) and a current (not expired) version of one of the following: New Zealand Passport; New Zealand Drivers Licence; Australian Passport; or Australian Drivers Licence.

If this method of identification is unsuccessful you will be required to provide certified ID and proof of address.

Option 2 – Certified copies of identity documents and proof of residential address

Please provide a certified copy of your identity documents and proof of your residential address. Refer to Sections 5 and 6 for information on acceptable identity documents and who can certify them.

OPTION 1 – Choose an investment strategy

You can choose from three investment strategies (a carefully designed investment mix to suit a specific investor profile) or you can build your own investment strategy by choosing either a specific fund or a mix of funds in the proportions you wish. For help with choosing an investment strategy please visit ipq.fisherfunds.co.nz/ffmf. You can change your investment strategy at any time. To select one of our investment strategies, tick the relevant box below:

Initial investment

- ☐ Conservative strategy
(100% Conservative Fund)
- ☐ Balanced strategy*
(40% Conservative Fund; 60% Growth Fund)
- ☐ Growth strategy
