

## Rogers Infinite Plans Data Policy

Rogers Infinite data plans include data at high speed up to the data bucket included in your plan on the Rogers network, extended coverage areas within Canada, and Roam Like Home destinations (see [rogers.com/roamlikehome](https://rogers.com/roamlikehome)). 5G access is included at no extra charge. 5G access requires a 5G-enabled device in an area where there is 5G coverage (see [rogers.com/coverage](https://rogers.com/coverage)). Once you have reached the high speed data allotment of your plan, you will continue to have access to data services with no overage beyond the high speed data allotment at a reduced speed of up to 512 kilobits per second (for both upload and download) until the end of your current billing cycle. Applications such as email, web browsing, apps, and audio/video streaming will continue to function at a reduced speed which will likely impact your experience. We will send you a text message notifying you when you have used 90% and 100% of the high speed allotment included in your plan with the option to purchase a Speed Pass to add more high speed data to your plan. In all cases, usage is subject to the Rogers Terms of Service and Acceptable Use Policy.
