

BMW ON THE MOTABILITY SCHEME.

PRICE LIST 1 JULY – 30 SEPTEMBER 2023.

FIND A BMW THAT FITS YOUR LIFE.

BMW is proud to be associated with Motability, a registered charity dedicated to helping disabled people get mobile by exchanging their mobility allowance to lease a new car through the Motability Scheme.

This route to worry-free motoring offers the following benefits:

- A new BMW every three years
- 60,000 mile allowance or 100,000 miles for Wheelchair Adapted Vehicles (WAV)
- Insurance included
- All servicing, maintenance, windscreen and tyre replacement costs built-in
- Accident and breakdown cover
- Many adaptations at no extra cost
- Ability to nominate up to three named drivers

Choosing a BMW on the Motability Scheme offers:

- High level of standard specification including BMW Navigation
- Unique BMW driving dynamics and innovative technologies
- Choice of manual or automatic models and various trims, with a plug-in hybrid model available on the BMW 2 Series Active Tourer and an all-electric model available on the BMW i4.

Download and use the My BMW App to remotely check the fuel or charge of your BMW, plan and send your route to your car and more.

ELIGIBILITY.

To discover everyday freedom with Motability, you must be in receipt of one of the following Mobility Allowances to be able to lease a new BMW on the Motability Car Scheme.

- the Higher Rate Mobility Component of the Disability Living Allowance (DLA)
- the Enhanced Rate of the Mobility Component of the Personal Independence Payment (PIP)
- the War Pensioners' Mobility Supplement (WPMS)
- the Armed Forces Independence Payment (AFIP)

You must have at least 12 months award length remaining. Please visit **www.motability.co.uk** or call 0800 093 1000 if you are unsure.

WHAT NEXT?

To lease a new BMW on the Motability Scheme in exchange for your Mobility Allowance, simply contact a Motability Specialist at your local BMW Centre, who can find the right BMW for you, quickly and easily.

This price list shows the one-off Advance Payment required for you to start your three year worry-free lease of a brand new BMW.

FAQS.

ISN'T BEING PART OF THE SCHEME FAR MORE COMPLEX THAN RUNNING MY OWN CAR?

No. Signing up to the Scheme is simple and we handle the whole process for you. It also takes the hassle out of owning a car as insurance as well as servicing and maintenance are all covered and once you've had the car for three years we will replace it with a new one.

CAN I INSURE MY PARTNER/CARER/OTHER FAMILY MEMBER TO DRIVE THE VEHICLE?

You can have up to three named drivers of the car on the Motability Scheme. For example, you plus two other people can be the named drivers or if you are unable to drive, you can have up to three named drivers (such as a parent or carer) on the vehicle.

WHAT ARE THE RUNNING COSTS OF A NEW BMW?

Aside from the cost of fuel, your Motability Scheme all-inclusive lease covers everything you need to keep your car running smoothly, including insurance, servicing and maintenance, as well as accident and breakdown cover, so you can have the freedom of worry-free motoring, without the hassle of unexpected bills and enjoy the unique BMW driving experience.

Fuel economy and CO₂ results for the BMW 1 Series and BMW 2 Series Gran Coupé on the Motability Scheme:

BMW 1 Series combined fuel consumption 42.8-61.4 (6.6-4.6l/100km) with 150-120g/km CO₂.

BMW 2 Series Gran Coupé combined fuel consumption 43.5-48.7 (6.5-5.8l/100km) with 149-133g/km CO₂.

Combined fuel economy and CO₂ results for the BMW 2 Series Active Tourer 225e xDrive on the Motability Scheme: mpg 403.5-470.8 (0.7-0.6l/100km). CO₂ emissions 16-15g/km.

Electric energy consumption (combined): 4.2-4.3 miles/kWh. All electric range 54.68-56.54 miles.

Electric energy consumption (combined) and CO₂ results for the BMW i4 eDrive35 Sport on the Motability Scheme: 3.7-3.9 miles/kWh. CO₂ emissions 0g/km. All electric range 284.6-299.5 miles.

For plug-in hybrid vehicles these figures were obtained using a combination of battery power and fuel, for battery electric vehicles these figures were obtained after the battery had been fully charged. Plug-in hybrid and battery electric vehicles require mains electricity for charging. These figures were achieved using the WLTP test procedure. Figures shown are for comparability purposes. Only compare fuel consumption, CO₂, electric energy consumption and electric range figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load.

Prices are correct at publication for orders placed and accepted between 1 July – 30 September 2023 with participating BMW Centres and subject to availability and can change without notice. All models on the Motability Scheme include optional metallic paint at no extra cost. Models featured may include options at an additional cost. Motability Scheme vehicles are leased to customers by Motability Operations Limited (Registered Company No. 1373876), City Gate House, 22 Southwark, Bridge Road, London, SE1 9HB. To qualify you must be in receipt of the Higher Rate Mobility Component of Disability Living Allowance (DLA), the Enhanced Rate Mobility Component of Personal Independence Payment (PIP), the War Pensioners' Mobility Supplement (WPMS) or the Armed Forces Independence Payment (AFIP).
