Subject: Introducing Adviser Portal 2.0

Having trouble viewing this email? Read the [online version](#) .

Hi Rose,

Adviser Portal 2.0 – Early Access Now Available

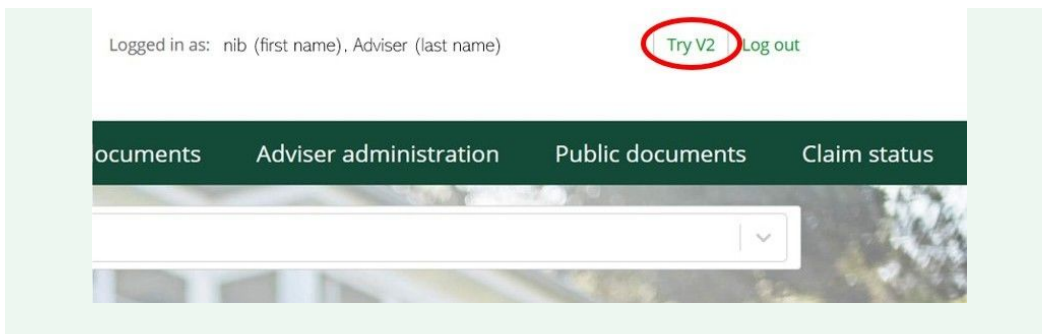

As part of our continued commitment to improving service and making it easier for you to support your clients, we're pleased to deliver early access to Adviser Portal 2.0 while we continue to build further functionality.

Who can access Adviser Portal 2.0

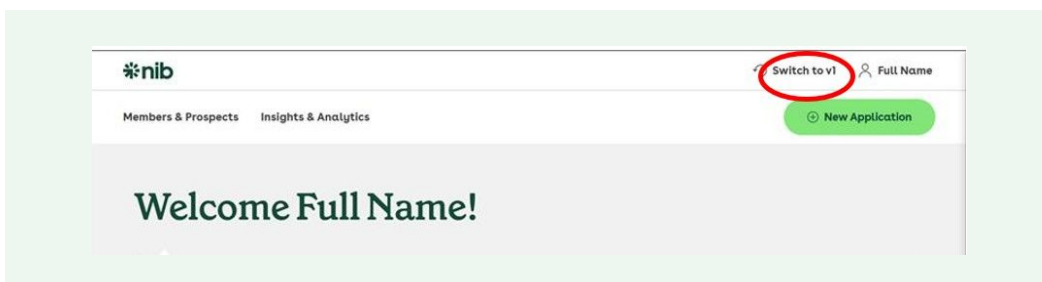

Adviser Portal 2.0 is now available to advisers who currently have access to view member information. The data that you access in the existing portal will still be available there.

How to access Adviser Portal 2.0:

1. Log in to your existing Adviser Portal
2. Once logged in, click on "v2" as shown below.

3. Once logged in, click on 'V2' as shown below. This will take you to Adviser Portal 2.0.
4. To navigate between v1 and v2, simply click the button in the top right corner. If it looks like you've been logged out, please refresh the page.

A simpler way to view your client information

In Adviser Portal 2.0, you can view:

- Member details
- Policy information
- Communications history
- Application information
- Health claims made on a policy

What stays the same?

The existing Adviser Portal remains fully functional with all current capabilities unchanged.

What's coming next?

We'll keep you updated as we introduce more functionality. You can look forward to excess quoting capability within the portal and submitting claims on behalf of your clients. We look forward to sharing these enhancements with you soon.

If you have any questions, please get in touch with your [Adviser Partner Manager](#).
