This policy document explains what you're covered for. You should read this along with your latest Acceptance or Renewal Certificate. Together, they are your policy.

Your policy document tells you:

- what you're covered for
- what you're not covered for (general exclusions that apply)
- any other important information you need to know about your cover

Your Acceptance or Renewal Certificate tells you:

- who's the **policyowner**
- who's covered by your policy
- whether you have selected any Options, which are an additional set of benefits you can add to provide extra cover
- how much your policy costs
- when your cover started
- any special conditions, which can include:
 - **personal exclusions**. These are usually **pre-existing conditions** that an **insured person** has, which they won't be covered for.
 - **loadings**. These are additional costs that are added to your premium due to you, or someone else on your policy, having a specific health risk.

If there's any inconsistency between your policy document and your **Acceptance or Renewal Certificate**, your **Acceptance or Renewal Certificate** takes priority.

Note that you're not covered for any personal or general exclusions that may apply, and you only have cover for the benefits in this policy document if you're an **insured person**.

If you need to contact us, you can visit our [Help Centre](#).

Important words

Some words in this policy document are in bold text. This means they have a specific meaning in relation to your policy. You can find the meaning of these words [at the end of this document](#).

- "us", "our", "we" or "nib", we're referring to nib nz limited
- "you", "your" or "yourself", we're referring to an **insured person** - an **insured person** may also be a **policyowner**

Using
your cover

What If I got this policy through my employer?

If you received this policy through your employer, they may have negotiated additional concessions and/or benefits for you. If this is the case, details of those concessions and/or benefits will be noted on your **Acceptance or Renewal Certificate**.

Who can I see for treatment?

When choosing who to see, keep in mind that we only pay claims for **health services** that are carried out by **recognised providers** in New Zealand, except where benefits specifically provide cover overseas.

We recommend that you apply for **pre-approval** using '[my.nib](#)' ahead of your treatment, to give you peace of mind that you'll be covered.

Choosing a recognised provider

You can choose to see any **recognised provider** in New Zealand. We have a selected group of **recognised providers** for some specific **health services**, called the First Choice Network, who help us deliver value for our members. A directory of First Choice Network providers can be found [here](#).

If you choose a recognised provider that *is* part of the First Choice Network:

We'll cover 100% of your eligible costs when you make a claim (up to your **benefit limit**), less any excess. The excess is the amount you've selected to pay towards the cost of **health services** you receive. You can find out more about how your excess works in the "[How much do I pay towards health services?](#)" section of this policy document.

If you choose a recognised provider that *isn't* part of the First Choice Network:

You may need to make a gap payment. This is because the amount your **recognised provider** may charge is more than the maximum amount we'll pay for that service. The gap payment is the difference between what your **recognised provider** (who isn't part of the First Choice Network) charges, and the **Efficient Market Price** (the maximum amount we'll pay for a service by a **recognised provider** who isn't part of the First Choice Network).

We determine the **Efficient Market Price** based on:

- what healthcare providers charge for a particular **health service**
- our own claims data
- our experience with New Zealand's national and regional health market

How we apply the **Efficient Market Price**:

If you have a pre-approval

We'll use the **Efficient Market Price** that applied on your **pre-approval** date.

If you don't have a pre-approval

We'll use the **Efficient Market Price** that applied on your treatment date.

We can make changes to the **Efficient Market Price** at our discretion.

What if there is a change in my recognised provider's First Choice Network status?

Recognised providers are included in the First Choice Network for specific **health services**.

If there's a change in your **recognised provider's** First Choice status between your **pre-approval** (our agreement to pay for a **health service**) and your treatment date, then:

Who is your pre-approval for?

A recognised provider who is part of our First Choice Network

We'll honour the original terms of the **pre-approval**, regardless of whether they are still a First Choice **recognised provider** on the treatment date.

A recognised provider who is not part of our First Choice Network, but has been added to it on or before your treatment date

We'll recognise the change when assessing your claim. The **Efficient Market Price** limit will no longer apply.

What medications can I claim for?

When you make a claim, we'll pay towards the cost of medications that meet all the following requirements:

- are registered and approved by **Medsafe**
- are prescribed and administered within **Medsafe** guidelines.
- are prescribed by the treating **specialist** or **GP**
- are funded by **PHARMAC** for the treatment you need at the time of your treatment (unless your benefit or Option says it covers non-**PHARMAC** medicines as well)

If the cost of your medication isn't fully funded by **PHARMAC** and meets the criteria listed above, we'll pay the difference up to your relevant **benefit limit**.

We'll also cover any costs to administer these medications.

We don't cover the costs for any medications that are:

- issued for the sole purpose of use at home (except if this is covered under a specific benefit)
- prescribed in a public hospital
- used for a purpose that is not funded by **PHARMAC** (except if this is covered under your policy)

When will nib pay for health services?

We'll pay for **health services** that are covered under your policy. You can only claim for these **health services** if:

- you're an **insured person**
- your premium payments are up to date, and
- any relevant waiting period has ended

Claims can be made by you or by the **recognised provider** on your behalf. It is important we receive all information we request through the claims process. We may decide not to approve a claim until all requested information is provided.

When you make a claim, you need to provide an invoice or receipt on your **recognised provider's** letterhead showing their name and GST number.

If your premium payments are overdue, or not currently being paid for other reasons, the payment of any claim is at our discretion.

If any claims have been paid out by mistake, or any money has been obtained by fraud or in another unlawful way, or in a way that breaches the terms of your policy, we may recover this money.

You should submit your claim within 12 months of your **health service**, as claim payments aren't adjusted for inflation.

When can I start claiming?

While you can use most benefits from your **join date** some benefits require you to wait a specified period before you can start using them. This is called a waiting period. You can find information about any applicable waiting periods under each benefit in this policy document.

Any waiting periods will begin on your **join date**.

You can't claim for any **health services** that happened before your **join date**.

If you make a change to your cover which means you have new benefits or Options, any applicable waiting period will apply from the **join date** on these new benefits or Options.

How much do I pay towards health services?

The **policyowner** can choose to have an excess (an amount you pay towards an approved claim) on your policy, which will reduce the premium. If you have an excess, it will be shown on your **Acceptance or Renewal Certificate**. The excess applies once per **insured person**, each **policy year** you have a claim accepted by us.

If an excess applies to your claim, you'll need to pay your excess directly to your **recognised provider**, along with any costs that aren't covered by us, and any gap payments that may apply if you've chosen a provider who isn't in the First Choice Network.

What happens if ACC won't cover me?

The Accident Compensation Corporation (**ACC**) provides cover for many **health services** but can decline cover in some situations. If we believe that the **ACC** should pay for a **health service** you need, rather than it being covered by us, we may ask the **ACC** to review their decision on your behalf. You'll be required to cooperate fully with this process.

This might include:

- giving our legal representative the authority to act for you with the **ACC**
- providing us with your case summary and a copy of the letter the **ACC** has sent you declining your cover
- providing us with any other relevant information

06.

Making changes to your policy

Who can view and change my policy?

The **policyowner** can ask about claims for any **insured person(s)**.

- If there is more than one **policyowner** all **policyowners** must request any changes that impact multiple **insured persons**.
- If changes only impact a **dependent child**, only one **policyowner** needs to request the changes.
- If the changes impact only one **insured person** and don't increase the premium, that **insured person** can request the changes.

Any requests to change your policy need to be made in writing and can be made through our [Help Centre](#). If the change is agreed by us, it will take effect from your policy's next billing date, which is the date your next premium is charged.

If you'd like to remove an Option, but have claimed under it this **policy year**, you'll need to wait until your next **policy anniversary date** to remove it.

Who can I add to my policy?

The **policyowner** can apply to have a partner or **dependent child** added to your policy.

If a **dependent child** is added to your policy within four months of birth, we'll cover their **pre-existing conditions** under the base cover. Any personal or general exclusions will apply, including those for **congenital** conditions.

You can't add your parents, grandchildren or any other adult unless we agree, and they are added to your **Acceptance or Renewal Certificate**.

An additional premium will apply for each **insured person** that is added, and this will be shown on your **Acceptance or Renewal Certificate**.

How do I remove someone from my policy?

To remove an **insured person** from your policy we'll need a request from either:

- the **policyowner(s)**; or
- the **insured person** who wants to be removed. If they're under 16, the **policyowner** will need to request this

When we receive the request we'll remove the **insured person** from your policy's next billing date, which is the date your next premium is charged.

If you pay quarterly, half-yearly, or annually, we'll make the change on the same day of the month as your regular billing date, the month after your request is accepted.

The **insured person** who has been removed can choose to arrange a separate policy of their own (as long as they're aged 16 or older) on terms determined by us, within 30 days of their removal, without needing to provide us with evidence of their current state of health. If the **insured person** is under 16 years old, a person who is 16 or older can arrange this for them and must be the **policyowner** of their new policy.

Can I change my excess amount?

Yes – **policyowner(s)** can ask us to increase or decrease your excess at any time. The request needs to be made in writing and can be made through our [Help Centre](#). This will result in a change to your premium.

If you'd like to decrease your excess, you may need to complete a new application and have this accepted by us. This could result in some additional terms being added to your policy. We'll let you know if you need to do this when you request a decrease in excess.

If we accept the request, we'll change the excess from your policy's next billing date, which is the date your next premium is charged.

If you pay quarterly, half-yearly, or annually, we'll make the change on the same day of the month as your regular billing date, the month following your request being accepted.

How do I cancel my policy?

If you'd like to cancel your policy, all **policyowner(s)** will need to tell us in writing, which can be done through our [Help Centre](#), at least 30 days before you want the policy to end.

Can nib cancel my policy?

Yes. We may cancel the entire policy immediately and let you know if any of the following applies:

- your premium payment is overdue by more than 90 days
- the last remaining **insured person** on your policy has died
- you've breached a term of your policy
- information provided by you, or on your behalf (when arranging or making changes to your policy) is not true, correct, and complete
- you or another **insured person's** claim is fraudulent in any way
- you behave in an offensive or intimidating way towards a nib employee

We may cancel the cover for an **insured person** if that person is no longer entitled to receive **health services** that are funded under the New Zealand Public Health and Disability Act 2000 (or legislation that takes its place).

If we cancel your policy or your cover for any reason, including fraud, we may keep any premiums that have been paid to us. If we've already made claim payments that were submitted fraudulently, we may recover the money from the **policyowner**.

Can I keep my policy if my employment or my group scheme ends?

If you resign or your employment ends or your employer decides to end the group scheme that you're part of, your policy will end immediately, and we will notify you of this.

We may give you the opportunity to continue your policy on terms determined by us, according to our policy transfer rules at the time. If you continue your policy, any special benefits and concessions as well as your premium may be reviewed.

07.

Conditions of your policy

Who can be a policyowner?

You need to be at least 16 years old to be a **policyowner**. If you're under 16, you'll need to have at least one person aged 16 or older, or your parent or legal guardian, as the **policyowner**.

Your responsibilities

As a **policyowner** or **insured person**, you must do the following:

- comply completely with your policy
- read your policy documents and ask us if you're unsure about what you're covered for
- be truthful, correct and complete when making a claim
- provide us with a relevant referral letter for any **health service** that requires a referral from a **GP** or **specialist**
- ensure your premiums are paid on time so you remain covered
- let us know if your contact details, or any details that might affect your cover, change
- provide us with any information we ask for if it is reasonable and related to your policy. The information must be true, correct, and complete at the time it's provided to us. You'll also need to tell us about any changes to the information you've provided as soon as possible.

If you don't provide us with true, correct, and complete information (that you know, or should know), when you apply for insurance, change your policy or make a claim, depending on the individual facts of any situation, we can do all or any of the following:

- cancel your policy with immediate effect
- change the terms and conditions of cover provided under your policy, and apply these changes back to your **start date** or **join date**, whichever is more recent
- not pay any claims after your **start date** or **join date**, whichever is more recent
- keep any premiums that have been paid to us
- recover any claim payments that we have already made

08.

About your premiums and benefits

Managing your payments

To keep your policy active so you can make claims, you'll need to make sure that payments for your premiums are up to date.

If we send you communications about your premiums and they cannot be delivered, we'll keep making deductions until you tell us to stop.

We review your premiums each year when your group scheme renews. This might be a different date from your **policy anniversary date**. You can pay your premiums up to 12 months in advance from the date your group scheme renews.

Changes to your premiums or benefits

The premiums and benefits on your policy may change from time to time and aren't guaranteed.

Premium increases apply to all **insured person(s)** on your policy. We won't make changes to your premiums because of any individual claims that have been made under your policy.

When can nib change my premiums or benefits?

We increase your premiums as you get older.

We may also make changes to your premiums, benefits, or the terms of your policy for any of the following reasons:

- a law that applies to your policy has changed (including tax changes)
- our costs have increased due to an increase in the cost and/or use of medical treatments
- we determine that a policy fee needs to increase due to an increase in operational expenses
- we want to increase the level of cover under a benefit or add a new benefit to your policy
- we need to allow for an unexpected and significant increase in the type and/or amount of claims made under a product, which aren't sustainable long-term or commercially viable
- we want to align your policy with a newer version of the same type of policy that has similar, (but not necessarily the same), premiums and/or benefits
- unexpected and severe public health threats, such as a pandemic

If we need to make changes to your premiums or benefits, we'll let you know at least 30 days before the change(s) take effect.

Premiums for children

When a **dependent child** who's insured on your policy turns 21 years of age, they'll be charged adult premiums from the next time your premium renews.

We'll automatically continue their cover as an adult and charge additional premiums based on their age, gender, smoking status, and chosen excess.
