

JP-PLUS SERIES

LED HIGH BAY

100W-600W

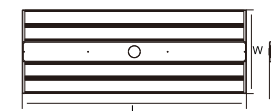

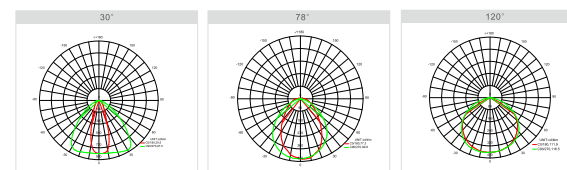

Features

1. Layering pure aluminium material
2. 100-277VAC / 347VAC / 480VAC
3. Max lumen efficiency 150 lm/W
4. Clear, frosted lens available
5. Module design, easy for maintenance
6. LM-80 approved LED components
7. 0-10V dimming / DALI dimming / PWM dimming / Timing dimming optional
8. Motion sensor / Photo sensor / Infrared sensor available
9. PLC / ZigBee system available

Application

Building, Warehouse, Factory, Workshop, Super market etc

Technical parameter

Model No.	System Power	Luminous Efficiency	Structure Description	Product Size(L*W*H)mm	Weight(kg)
