Getting Started with Your Digital Products

When ordering the Second Step Middle School Program:

1. With your order, provide the name and email address for a **Setup Administrator**, who will assign the school and a **License Administrator** to each license you've purchased. This information is required. You can use your own name or submit the name of a team member.
2. Tell the Setup Administrator that they'll receive an email from support@secondstep.org with instructions for assigning a License Administrator and school to each of your licenses.
3. Next the License Administrator(s) will receive an email with instructions for assigning user access to Second Step lessons and, where appropriate, to the Principal Toolkit. Users assigned will receive an email invitation. Note that you and other district or school administrators won't have user-level access to lessons unless a License Administrator designates you as a user. Remember that individual licenses only have one user per license.
4. Work with your IT team to ensure emails from support@secondstep.org aren't blocked. You may also check your Junk or Spam folder if you do not receive expected emails. Response to the emails above is critical for ensuring access to the program.

When ordering Mind Yeti for Schools:

The easiest way to purchase a subscription for a single school is to order online at www.mindyeti.com.

To purchase subscriptions for multiple schools or a district:

1. Indicate the number of school subscriptions you'd like to purchase on the order form above on prior page.
2. Attach a list of school names with a Setup Administrator (first name, last name, email address, role) for each school.
3. When they receive your order, the Mind Yeti team works their magic!
4. Each Setup Administrator will receive an email welcoming them to Mind Yeti for Schools with instructions on how to get started.
