

COCKTAILS

This November, ROW 34 is proud to donate proceeds from “Rafe’s Smile,” a cocktail made in celebration of Rafe William and to promote FOXG1 awareness.

FOXG1 is a rare genetic neurological disorder that greatly impacts brain development and typically causes epilepsy and cognitive disabilities. Most children cannot walk, talk or take care of their own basic needs. This disorder is incredibly rare with only 1000 known cases worldwide.

A tradition that started a few years ago, we are honored to support the research that doctors are conducting.

Rafe’s Smile 14
