

Directions to print your own Four-in-a-Row Cards.

Print pages 2 and 3 in portrait mode. Use cardstock, if desired.

Cut each page in half to make two Four-in-a-Row Cards.

The A & B cards on page 2 use the 4-group Dice white dots for the numbers 0-5.

The C & D cards on page 3 use the 4-group Dice purple dots for the numbers 5-10.

Laminate the cards, if desired, for longevity.
