TAIPEI CYCLE d&i awards 2024

2024 年台北國際自行車展 創新設計獎

The bicycle industry stands as a crucial pillar of Taiwan's economy, underscored by its unwavering dedication to technological innovation, research, and development for many years. Driven by aspirations such as lightweight design, intelligent features, and energy-efficient carbon reduction, Taiwan is surely leading the global bicycle industry forward. Over years, Taiwan External Trade Development Council (TAITRA) and the Taiwan Bicycle Association (TBA) actively concentrate on nurturing and fostering this sector and the annual TAIPEI CYCLE d&i awards has served as a testament to the industry's significant growth and abundant creativity, while embodying our collective enthusiasm and optimism for the future of bicycles.

Last year, the TAIPEI CYCLE d&i awards introduced the Gold Award - Green Prize for the first time, encouraging industry participants to showcase their achievements in sustainable development. This endeavor successfully attracted many products adhering to the 3R green design standards. In keeping with the ongoing trend of the TAIPEI CYCLE, our objective for this year is to continue exploring sustainable practices and solutions. Through the endorsement of this award, we hope to elevate these remarkable works, allowing them to shine prominently at the show.

The bicycle industry has withstood the disruptions caused by the pandemic, demonstrating strong resilience and relentless exploration of new possibilities. Over time, bicycles have evolved beyond mere means of transportation, they now reflect broader commitments to environmental care and sustainable growth, while fulfilling our aspirations for an enhanced quality of life. We are honored to collaborate once again with IF Design, as we look forward to the esteemed event of the TAIPEI CYCLE d&i awards 2024. Let's pave the way together for a brighter future for the bicycle industry, advancing environmental protection, convenience, and sustainable development.

自行車產業是臺灣重要支柱產業之一，長期以來不斷投入在技術創新和研發方面，致力追求輕量化、智能化、節能減碳等發展趨勢，引領全球自行車產業前進。中華民國對外貿易發展協會與臺灣自行車輸出業同業公會一直以來積極關注並推動這個領域，而一年一度的台北國際自行車展創新設計獎，除見證了產業蓬勃發展與革新，更凝聚了各界對自行車未來的熱情與期待。

去年創新設計獎首次設立「金質獎－綠色永續獎」，鼓勵產業從業人員積極呈現永續發展作為，成功吸引許多符合 3R 綠色設計標準的產品參賽。今年，順應台北國際自行車展覽趨勢，我們將持續發掘更多永續實踐方案，期望藉由獎項加持助力，讓這些優秀作品在大會上大放異彩。

自行車產業經歷疫情的波動，展現出強韌的韌性，不斷開拓新的可能性。隨著時間的推進，自行車已超越單純的交通工具，更承載著對環保與永續發展的關懷，同時滿足我們對生活品質提升的渴望。我們很榮幸再次與 IF 設計合作，迎接 2024 年台北國際自行車展創新設計獎盛事，讓我們攜手共創更美好的自行車產業未來，為環保、便利與永續發展盡一份心力。
