Fun for little explorers aged 2 and over

The Kullerbü Kullerhausen play track makes children's eyes light up. Starting with the basic sets, children from the age of 2 can try out the Kullerbü tracks. Thanks to the many other parts to expand and extend, the Kullerbü world also offers a lot of fun for older children, because: Almost all Kullerbü play tracks can be combined with each other. This set contains,

for example, a two-storey house and a convertible car with a special ball turning effect - for hours of driving fun. The cheerful little bell on the house and great rolling effects of the ball in turn arouse the curiosity of young and old. A real eye-catcher: All Kullerbü items are made of high-quality materials such as robust wood or special paints - so it's absolutely safe for the youngest to put the toys in their mouths!
