

HABA Pro – professionals for the future of our children and education

HABA Pro sees itself as a reliable partner when it comes to shaping the future of children. For more than 80 years, the brand (formerly Wehrfritz) has been an integral part of a large family – **the HABA FAMILYGROUP.**

We offer:

- Complete solutions for daycares, preschools, schools and social facilities
- High-quality teaching and learning materials, creativity and craft solutions
- Innovative furniture and educationally developed room concepts

HABA Pro combines a wide range of skills in the areas of preschool, school and social facilities. We believe that children can do a lot on their own. Our products encourage their development, but don't patronize them. Rather, we want to help and accompany children and teachers on the adventure of "growing up." Whether innovative design and furniture concepts or premium products – HABA Pro stands for individual solutions that create added value.

"Preparing children for the future in the best possible way is particularly important to us! That's why we develop practice-oriented education and room solutions that are geared towards the needs of children and help our customers to master the challenges of everyday working life even better."
Eike Gerken, Head of Education Business
