PACKAGE CONTENTS

Rugged USB-C Keyboard
User's Manual

DEVICE INSTALLATION

1. Locate the included adhesive foam pads for your device and place them in the matching shaped areas inside the case.
2. Place the case on a flat, stable surface.

3. Align your device's USB-C port with the built-in USB-C connector on the case.
 4. Insert the device at a slight angle, starting with the bottom (USB-C port side).
 5. Gently slide the device downward to connect it to the USB-C plug.
 6. Press down along the edges to fully secure the device into the case.
 7. Your device is now connected to the keyboard
- Ensure all corners are properly seated for a snug, secure fit.

VIEWING ANGLE ADJUSTMENT

The Rugged Bluetooth Keyboard features built-in magnets that work together with the cover-stand to create 4 viewing angles.

To adjust the viewing angle, simply flip out the cover-stand on the back of the device case until the desired position is found.

TRACKPAD

The Trackpad supports most common Multi-Touch gestures including:

- Swipe
- Tap (single finger & two finger)
- Pinch
- Scroll

Before first use, peel off the protective film covering the trackpad.

Press **Fn + T** to enable or disable the trackpad.

FCC Statement

DECLARATION OF CONFORMITY WITH FCC RULES FOR ELECTROMAGNETIC COMPATIBILITY

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Federal Communications Commission Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the distance between the equipment and the receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

Innovation, Science and Economic Development Canada Statement ISED Statement:

This digital apparatus complies with CAN ICES(B)/NMB(B).

Déclaration de l'ISDE : Ce périphérique numérique est conforme à la norme CAN ICES(B)/NMB(B)
