

UI/UX Designer (m/f/d)

Full time

Frankfurt

€65-85k

Loot & Perks

Do you believe software should be more beautiful? When it comes to design, do you see yourself more as a scientist than an artist? Are you looking to join a team that will go the extra mile to deliver brilliant results?

Does this sound exciting? Then we are curious to hear from you:

careers@yatta.de

yatta.de/careers

Key responsibilities & tasks

- Develop high-quality visual assets and UI components, ensuring consistency with our design guidelines and brand identity
- Create and maintain design documentation, including style guides, component libraries, and design specifications, to ensure a consistent and cohesive visual language across all our products
- Design and develop new concepts, pages and components for our company and product websites
- Co-create our Yatta product design across all media types and channels
- Designing visually appealing and intuitive UI/UX for our own products as well as customer projects
- Collaborate with co-founders, software engineers, marketers, and writers to ensure the accurate implementation of designs

Required qualifications

- Graduate or postgraduate degree in graphic design, communication design, interaction design, digital media or similar
- 2+ years of relevant work experience in design (preferably in agencies, design-oriented companies, or startups)
- Proficient in common wireframing and design tools such as Figma, Adobe CC, etc.
- Basic understanding of HTML, CSS, and web frameworks (Note: You won't need to code—that's the developers' job—but understanding the basics improves collaboration with the team)
- The ability to envision design as a system with implications on future outcomes and deliverables ideally backed by experience with software design systems, libraries, and components
- Strong analytical skills to transform complexity into design that works and inspires, a keen eye for aesthetics, usability, and typography with a penchant for precision and detail, to the point of perfection
- Interest in tech and development topics as well as issues and topics in and around startup culture

It's not just your qualifications that matter, but who you are and what you want to learn and achieve in the future.

Come by and get to know us. Drinks are on us! 🍹

Come for the vision, stay for the team

Top locations, prime equipment

Our offices in the hearts of Frankfurt and Kassel are designed to foster connection, collaboration and community.

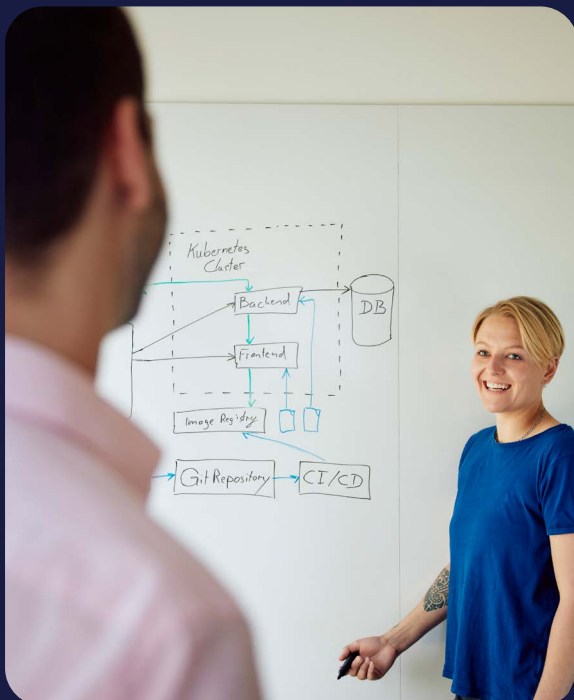

Together, we make sure we have the very best tools for our daily work—and when it comes to tech and equipment, we are picky.

Frankfurt

Kassel

Teamwork on and off the field

Creativity and camaraderie are key to innovation. That's why in-person collaboration is at the core of how we work.

Outside the office, our Christmas and summer parties, and team events offer plenty of chances to connect with each other.

Continuous improvement

Self-reflection and continuous improvement are an essential pillar of our work. It's important to keep learning and experimenting; have a spirited debate over coffee, borrow a book from our library and participate in our Academy to deepen your knowledge in tech, communication, design, economics and more.

...and we've got all the other perks and benefits

Flextime, fruit and fantastic coffee—not to mention our team breakfasts and parties—we have it all because someone like you took the initiative.

And if you need to relocate to join us, we support you through the entire process.

Yatta is a tech startup and software company located in Kassel and Frankfurt (Germany). We believe that software is changing the world for the better. That's why we strive to improve software engineering. Our mission is to enable developers by providing them with state-of-the-art tooling, for now and tomorrow.
