

# Applanix POSPac Term License

## Flexible, Cost-Effective Licensing

### What is a term license?

A term license provides full access to Applanix POSPac software, maintenance and support for a defined period of time. The license period can vary in length and can be renewed at the end of each term. Term licenses are offered for both Applanix POSPac MMS® and Applanix POSPac UAV®.

### Is a term license right for your business?

A term license provides a more flexible option to access our industry-leading post-processing solutions. It allows for a lower upfront investment and more predictable yearly expenditure while providing customers with the latest software features and 24/7 customer support for the duration of the license.

### Your Benefits

- Reduced upfront cost
- Low and predictable term costs – easier to budget
- Maximize your competitiveness with full access to the latest releases, newest features, and full support
- Purchase what you need, when you need it
