

SCMG Patient Vaccination Guide 2025-2026

The tables below show available vaccines and preferred SCMG vaccination locations. Please go to <https://www.scmg.org/health-and-wellness/vaccinations/locations.cfm> for specific contact info and hours of operation.

- Most routine vaccinations such as Influenza, RSV, & COVID-19 do not require prescription. Please confirm with the pharmacy or physician prior to vaccination if one is needed
- **Patients < 18 months** should be directed to a physician
- **To ensure insurance coverage**, please see vaccine locations for SCMG preferred pharmacies (e.g., Vons/Albertsons):
 - Vaccinations should be provided at an in-network pharmacy (e.g., Vons/Albertsons) or at the SCMG physician's office. If a vaccine is administered outside of an in-network pharmacy, it may not be covered through insurance.
 - Some vaccines require a Prior Authorization (e.g., travel vaccines). If a vaccination requiring PA is administered without an approval, it may not be covered through insurance. Please confirm with SCMG PBA team if uncertain.
- **Travel vaccines** require prior authorization through SCMG to verify member coverage and copayment
- **For other vaccine types (e.g. Mpox, non-covid, non-flu)**, SCMG's customer service at 858-499-2550 or toll-free at 1-877-518-7624 can help confirm best place for vaccination.
- **Vaccine availability can vary.** It's recommended to contact the pharmacy ahead of time to verify the vaccine in need is in stock and available.

SCMG Vaccine Availability & Pharmacy Sites

Vaccine	Vons/Albertsons	Sharp Coronado Community Pharmacy***
COVID-19	X	X
