## Instructional Video Link

This Video link illustrates how to re-install the Smart Light Bulb

https://www.youtube.com/watch?v=VNHf-sChhAE

## Removal of a Smart Light Bulb

1. As soon as the Smart Light Bulb has been removed from ac power, it will be immediately disconnected.

## Important Considerations When Repositioning a Smart Light Bulb

1. A Smart Light Bulb will be added to your Smart Home Mesh Network

2. Your Smart Home Mesh Network may also include electrically or battery powered devices such as smart light bulbs, smart plugs, smart thermostats, smart door locks which also repeat the signal and communicate with other devices

## Repositioning of a Smart Light Bulb

1. Insert the light bulb into the desired socket or lamp
2. Log into your TELUS Smart Home App
3. Click on the menu button on the top left corner
4. Select Add Device
5. Select Lighting and Appliance Control
6. Select Jasco Enbrighten Smart LED Light Bulb
7. Select Begin Installation
8. Select Continue
9. Follow the on Screen instructions to complete your set up
10. Trigger the Light Bulb by turning it Off and On
11. The Light Bulb Will Flash On and Off when successfully added
12. Name your Device
13. Your Plug-In should now be added
