VISION

Work Ride Balance for Everyone

everyworks creates new ways and places so that work adapts even better to life. We offer coworking spaces and flexible office space directly at the station. So intermediate stages become Target destinations and passive waiting periods at active moments of action.

SOLUTION

Next stop: Coworking at the station

everyworks is the intelligent combination of mobility and the new world of work. With everyworks, Deutsche Bahn Coworking thinks ahead and reacts to the increasing demand for flexible and quiet office solutions - and that at the most central location in the city.

In a network of over 5,400 stations, which are passed by more than 20 million people every day, everyworks creates the ideal place for business travellers, commuters, project groups and companies

OFFER
