INGREDIENT HIGHLIGHTS

LICORICE

Licorice is traditionally used in Herbal Medicine as an expectorant to help relieve chest complaints, such as catarrhs, coughs, and bronchitis. Herbal Medicine use also includes helping to relieve inflammatory conditions of the gastrointestinal tract, such as gastritis in adults. A factor in the maintenance of good health, licorice helps to form red blood cells and supports their proper function. This hard-working herb also supports connective tissue formation and helps maintain healthy skin, metabolize carbohydrates, fats, and proteins, and supports immune function.

IRON

This essential mineral is needed to maintain overall health. It's an integral part of the hemoglobin molecule found at the center of red blood cells.

PEPPERMINT OIL

This essential oil has a refreshing flavor and delivers a cooling sensation. It is used in TCM to aid digestion and to help relieve flatulent dyspepsia.
