

EVERGREEN®

A refreshing herbal blend designed to support your daily wellness. Featuring highly concentrated chlorophyll and a synergistic mix of herbal and mineral ingredients, Evergreen® helps maintain healthy red blood cell function, supports immune health, and aids in the metabolism of carbohydrates, fats, and proteins. With licorice traditionally used in Herbal Medicine to relieve chest complaints and gastrointestinal inflammation, this naturally formulated product offers a convenient way to complement your diet—free from artificial sweeteners, colors, and preservatives.

FAQ

Q: Why should I take Evergreen®?

A: Evergreen® offers a convenient way to enjoy nutrient-rich herbal and mineral ingredients in a refreshing liquid format. It's designed to support your daily wellness with a blend of traditionally used botanicals.

Q: Evergreen® tastes great. Does it contain artificial flavors?

A: Evergreen® contains no artificial flavors, sweeteners, colors, or preservatives. Its naturally pleasant taste comes from pure ingredients, including peppermint oil, which adds a clean, refreshing flavor.

HOW TO USE

Adults: Add 1 bottle (15 ml) of Evergreen® to 240 ml of water or other drink twice per day. Take with food. Take a few hours before or after taking other medications. Consult a health care practitioner for use beyond 4-6 weeks.

Always read the product label – Use as directed.

The information provided for the Recommended Use is applicable to products sold in Canada only. Please note that daily dosage and labeling instructions differ between Canada and the United States. Also, please be aware that everyone's body is unique and may react differently to our products. The Recommendation for this product should be treated as the maximum daily recommended dosage for adults.

INGREDIENT HIGHLIGHTS

LICORICE

Licorice is traditionally used in Herbal Medicine as an expectorant to help relieve chest complaints, such as catarrhs, coughs, and bronchitis. Herbal Medicine use also includes helping to relieve inflammatory conditions of the gastrointestinal tract, such as gastritis in adults. A factor in the maintenance of good health, licorice helps to form red blood cells and supports their proper function. This hard-working herb also supports connective tissue formation and helps maintain healthy skin, metabolize carbohydrates, fats, and proteins, and supports immune function.

IRON

An essential mineral that helps form red blood cells and supports overall health. Iron is a key component of hemoglobin, which carries oxygen throughout the body.

PEPPERMINT OIL

Traditionally used to aid digestion and relieve bloating, with a naturally refreshing flavor and cooling sensation.

Medicinal Ingredients / Ingrédients médicinaux:	
Each bottle (15 mL) contains / Chaque flacon (15 mL) contient:	
Licorice / Régisse (Glycyrrhiza Glabra, Root and Stolon / Racine et stolon)	1494 mg
Zinc (Zinc Chloride / Chlorure de Zinc)	1.5 mg
Iron / Fer (Ferrous Sulfate Heptahydrate / Sulfate ferreux heptahydraté)	1.1 mg
Peppermint Essential Oil / Huile essentielle de menthe poivrée (Mentha x Piperita, Leaf / Feuille)	10 mL
Non-medicinal Ingredients / Ingrédients non médicinaux: Water, Chlorophyll / Eau, chlorophylle.	
Consult a health care practitioner if symptoms persist or worsen. Consult a health care practitioner prior to use if you are pregnant or breastfeeding or if you have a liver disorder, gallstones, anemia, hiatus hernia or gastroesophageal reflux. Do not use if you have hypotension, high blood pressure, or a kidney or cardiovascular disorder, or if you are taking thiazide diuretics, cardiac glycosides, corticosteroids, stimulant laxatives or other medications which may aggravate electrolyte imbalance. Some people may experience gastroesophageal reflux. Hypersensitivity (e.g. allergy) has been known to occur, in which case, discontinue use. Store in airtight container, protected from light. Keep out of reach of children. Do not use if security seal is broken.	
Consultez un professionnel de la santé si les symptômes persistent ou s'aggravent. Consultez un professionnel de la santé avant d'en faire l'usage si vous êtes enceinte ou si vous allaitez ou si vous souffrez de troubles hépatiques, de calculs biliaires, d'anémie, d'une hernie hiatale ou de reflux gastro-œsophagien. Ne pas utiliser si vous souffrez d'hypotension, d'hypertension artérielle, ou de troubles rénaux ou cardio-vasculaires, ou si vous prenez des diurétiques thiazidiques, des glycosides cardiotoniques, des corticostéroïdes, des laxatifs stimulants ou d'autres médicaments qui peuvent aggraver le déséquilibre des électrolytes. Certaines personnes peuvent souffrir de reflux gastro-œsophagien. Une hypersensibilité (p. ex. une allergie) peut se manifester; si tel est le cas, cessez l'utilisation. Entreposer dans un contenant hermétique à l'abri de la lumière. Tenir hors de portée des enfants. Ne pas utiliser si le sceau de sécurité est brisé.
