MANUFACTURED

### BENEFITS

- Deeply cleanses
- Draws out impurities
- Absorbs excess oil
- Hydrates and softens
- Refines the appearance of skin's texture and clarifies complexion
- Doesn't clog pores
- Allows skin to breathe

### WANT CLEAN SKIN? USE THICK MUD!

Smooth and soothe your face with Sunrider's natural clay mask. Made with two different clays, Oi-Lin® Clay Mask is designed to cleanse deeply and absorb excess oil. It helps draw out impurities from deep within the skin. Formulated from herbs, fruits, and other natural ingredients, Oi-Lin® Clay Mask also helps to hydrate the skin, leaving it feeling softer, smoother, and revitalized. Good, old-fashioned "mud" has been used throughout the ages for its soothing powers. Our Clay Mask transforms a combination of natural ingredients into a highly effective, natural skin care product.

### PHILOSOPHY OF REGENERATION®

The formula for Oi-Lin® Clay Mask is based on the Philosophy of Regeneration®—the belief that we should nourish and cleanse the body to reach balance, and thus optimal health. As the largest organ in the body, the skin breathes, absorbs nutrients, and expels waste. Like the rest of our organs, it must be nourished and cleansed. The natural detoxifying and absorbent action of clay helps in cleaning the skin from within and getting rid of waste stored in the skin, to promote skin health and natural beauty.

### INGREDIENT HIGHLIGHTS

#### BENTONITE

This clay is made from volcanic ash. When used in skin care, bentonite binds to impurities, then extracts them from the pores, fighting the appearance of blemishes and redness, and leaving skin looking smooth and hydrated. You can feel safe using bentonite on your skin.

#### ROSEMARY LEAF EXTRACT

This beauty-enhancing herb contains powerful antioxidants that help diminish the skin-damaging effects of free radicals. The stimulating properties of rosemary may also help support elasticity, making skin look firmer and more supple.

#### CAMELLIA SINENSIS (GREEN TEA) LEAF EXTRACT

This extract is rich in polyphenols, free radical-fighting antioxidants found to help prevent the visible signs of premature aging and guard against UV damage.

### FAQS

**Q:** What is the benefit of non-alkaline skin care products like Oi-Lin® Clay Mask?

**A:** Alkaline skin is the opposite of oily, acidic skin. It becomes dry and sensitive, which can destroy collagen and lead to wrinkles, sagging, dullness, and inflammation. Use non-alkaline skin products like Oi-Lin® Clay Mask to match and maintain your skin's natural, slightly acidic pH balance.

### RECOMMENDATION

Apply to the face and neck after you clean with Kandesn® Cleansing Cream and Kandesn® Cleansing Foam. Avoid the delicate eye area. Let dry for 5–10 minutes, then rinse with warm water and pat dry. Use once or twice a week depending on oiliness of skin, alternating with Kandesn® Revitalizing Masque.
