

KANDESN® PURE Foaming Cleanser

Our water-based cleanser gently lifts away dirt, sweat, and other pore-clogging impurities without irritating or stripping your skin of vital moisture. Nourishing herbal extracts from chamomile flower, and beet root purify, hydrate, and protect your skin while allantoin and rose flower water help calm, tone, and revive radiance.

FAQ

Q: What is a double cleanse?

A: The double cleanse involves washing your face in two steps: First by using an oil-based cleanser like Kandesn® Pure Cleansing Oil, followed by a water-based cleanser like this product. The first step draws out oil-based impurities such as makeup, sebum, sunscreens, and pollutants, while the second step cleanses water-based debris such as sweat and dirt. Our foaming cleanser not only purifies your skin, it also revs up your skin's circulation to boost radiance while prepping your skin to receive the full benefits of the treatments to follow.

Q: I have very sensitive skin. Can I use this product?

A: As with all products in the Kandesn® Pure skincare line, our foaming cleanser is ideal for all skin types, is cruelty-free, and contains no added fragrances, harsh chemicals, or animal by-products. It's skincare that will make you look good, and you can feel good about using it.

HOW TO USE

Press the pump three to four times to dispense the cleanser into the palm of the hand, and massage it thoroughly into your skin. Rinse off with cold or lukewarm water.

Always read the product label – Use as directed.

INGREDIENT HIGHLIGHTS

NIACINAMIDE

This form of vitamin B3 helps support collagen production, which helps diminish the appearance of fine lines, wrinkles, and pores while improving elasticity.

SODIUM PCA

This naturally occurring humectant has superior water-absorbing properties. It works by attracting water to the upper layers of the skin, which promotes a plumped, hydrated look.

BEET ROOT EXTRACT

Contains vitamin C, which helps reduce the signs of aging. This natural extract also provides instant and long-lasting hydration.
