FAQ

Q: What are the benefits of protein?

A: Protein helps build and repair body tissue and supports lean muscle development when combined with regular weight training and a healthy, balanced diet. SunFit® Protein Plus also provides essential vitamins, minerals and fiber.

Q: Does SunFit® Protein Plus provide complete protein?

A: Absolutely. Our blend of pea and rice proteins supplies all nine essential amino acids and the high-protein benefits of a dairy or whey protein but in a 100% vegan formula. It's the ultimate way to fill nutritional gaps.

Q: What's the best way to use SunFit® Protein Plus?

A: SunFit® Protein Plus can be mixed into smoothies, blended with beverages, or incorporated into foods such as baked goods or breakfast items. It's designed to complement your daily routine and can be used before or after physical activity, or as a convenient source of plant-based protein during the day.

HOW TO USE

Adults: Mix 2 scoops (40 g) per day well in 1-2 cups of liquid (water, juice, etc.) immediately before consumption. Ensure to drink enough fluid before, during, and after exercise. Take with food, a few hours before or after taking other medications or natural health products. For prolonged use, consult a health care practitioner.

Always read the product label – Use as directed.
