

# KANDESN® LIP DEW BALM

Our ultra-hydrating lip balm glides on to moisturize, soothe, and smooth dry lips while adding luster and shine. Our clean, natural formula is enriched with sodium hyaluronate—a superior form of hyaluronic acid—to leave your lips quenched and intensely moisturized. Our naturally tinted lip balm can also add a glossy finish to your favorite Kandesn® Lip Color for a fashion-fresh look.

- Hydrating
- Glossy finish
- Cruelty-free
- Paraben-free
- Clean formula
- Formulated with sodium hyaluronate
- Self-Manufactured in the USA

Cotton Candy 1652 #01742

## FAQ

**Q: Why is Kandesn® Lip Dew Balm better than other brands?**

**A:** Kandesn® Lip Dew Balm contains an exceptionally high percentage of natural emollients and lipids, which have nourishing, conditioning, and moisturizing benefits.

Our ingredients are also packed with powerful antioxidants, which help reduce the signs of aging. Made with the finest natural ingredients, our lip balm is completely safe and “good enough to eat.”

**Q: Is sodium hyaluronate superior to hyaluronic acid?**

**A:** Sodium hyaluronate is a more bioavailable form of hyaluronic acid (HA) and has a smaller molecular size. This allows it to penetrate deeper into the skin (and lip tissue) to give skin a fuller, plumper look. As a humectant, sodium hyaluronate also has a superior capacity for drawing in moisture from the environment and helping the skin retain it.

**Q: Can I use Kandesn® Lip Dew Balm with Kandesn® Lip Colors?**

**A:** Yes, absolutely! Simply add a layer over your favorite Kandesn® Lip Color for a glossy look and enhanced color.

## HOW TO USE

Apply an even coat across the top and bottom lips. Can be used with Kandesn® Lip Colors to enhance color and bring out shine.

## INGREDIENT HIGHLIGHTS

### SODIUM HYALURONATE

This natural humectant has exceptional water-absorbing properties and is considered more bioavailable to skin than hyaluronic acid. It provides superior penetration to deeply hydrate and plump skin, adding volume and diminishing the appearance of fine lines.

### TOCOPHERYL ACETATE

This natural and stable form of vitamin E has powerful antioxidant properties and skin-conditioning benefits. It helps protect skin from environmental stressors that can exacerbate the signs of aging.

### SUNFLOWER SEED OIL

This natural emollient retains moisture, which helps keep lips looking youthful and healthy. It features a rich mixture of vitamins, fatty acids, and antioxidants that has a nourishing and protective effect on the skin.

### LINOLEIC ACID AND LINOLENIC ACID

These essential fatty acids help strengthen the skin's barrier, effectively locking in moisture while blocking irritants, and pollutants. Their emollient and antioxidant properties also help calm, soothe, and smooth skin.

## NOURISH + CLEANSE = BALANCE

Sunrider® products are based on a simple yet powerful idea that blends Traditional Chinese Medicine with advanced science. We call it our Philosophy of Regeneration®. When you nourish with only the finest natural ingredients and cleanse of harmful chemicals and artificial colors, flavors, and preservatives, you bring your body into balance. A balanced body is a healthy body.
