FAQ

Q: What are the benefits of protein?

A: Protein isn't just about building lean muscle. Because it's filling, protein helps curb cravings, which makes it easier to maintain a healthy weight. SunFit® Protein Plus goes beyond traditional protein with vitamins, minerals, fiber, antioxidants, and essential fatty acids.

Q: Does SunFit® Protein Plus provide complete protein?

A: Absolutely. Our blend of pea and rice proteins supplies all nine essential amino acids and the high-protein benefits of a dairy or whey protein but in a 100% vegan formula. It's the ultimate way to fill nutritional gaps.

Q: What's the best way to enjoy SunFit® Protein Plus?

A: Its neutral flavor complements just about anything. Mix it into smoothies for a creamier consistency and an extra protein punch. Add it to NuPlus® or VitaShake®, or top off oatmeal, yogurt, or your favorite dish or drink.
