Strong enough for men's naturally thicker skin, yet gentle enough for women.

PHILOSOPHY OF REGENERATION[®]

The formula for Dr. Chen[®] Hand & Body Lotion is based on the Philosophy of Regeneration[®]—the belief that we should nourish and cleanse the body to reach balance, and thus optimal health.

As the largest organ in the body, the skin breathes, absorbs nutrients, and expels waste. Like the rest of our organs, it must be nourished and cleansed. This is why Sunrider doesn't use mineral oil or other inferior ingredients, which clog pores and suffocate the skin, in any of our skin care products. Instead, we use only the finest vegetable-based ingredients and herbal extracts to nourish, cleanse, and balance the skin to promote skin health and natural beauty.

FAQS

Q: My skin is oily. Why do I need a moisturizer?

A: Oily skin actually means that your skin is too acidic. A pH-balanced moisturizer like Dr. Chen[®] Hand & Body Lotion will help support your skin's natural protective mantle and keep it from becoming too oily, or too dry.

RECOMMENDATION

Apply smoothly over the entire body, with extra care to dry areas. For additional benefits, apply before bedtime as overnight "nutrition" for the skin.
