- Free of stimulants, laxatives, and artificial ingredients

SUNRIDER®

Support Healthy Weight Management

Treat your taste buds without the guilt. Our herbal capsule is made from natural botanicals that support healthy weight management. Cleansing antioxidants from coix fruit protect cells against the damaging effects of free radicals. Lotus root slows digestion of carbs with a unique mix of fiber, vitamins, minerals, and phytonutrients too.

Naturally Powerful Ingredients

COIX FRUIT

This tropical plant is a rich source of antioxidants, which protect cells against the damaging effects of free radicals. The fiber contained in coix fruit may also help decrease how much fat and cholesterol the body absorbs.

LOTUS ROOT

This root vegetable is an excellent source of dietary fiber. It helps slow the digestion of carbohydrates and contains a unique mix of vitamins, minerals, and phytonutrients.

Ingredients

Polygonum multi-florum, Semen nelumbo-nucifera, Rhizomo nelumbo-nucifera, and imparata cylindrica.

How to Use

One capsule with or without its vegetable-based container before or with meals.

FAQs

Q: How does VitaTaste® work?

A: Based on the Philosophy of Regeneration®, VitaTaste® complements a healthy, nutrient-balanced diet. VitaTaste® features select natural ingredients that provide powerful antioxidants to nourish and cleanse the body and support overall health.

VitaTaste® is also full of antioxidants, which cleanse the body from the inside, protecting it from free radicals and supporting the removal of fat and toxins.
