## PHILOSOPHY OF REGENERATION®

Our body was created in such a way that it processes whole foods, since it cannot be fed efficiently with substances produced purely by chemical means. The various additives, preservatives and synthetic vitamins and minerals all have a lower nutritional value compared to whole foods. Our Smart Gummy™ product is made from natural ingredients: it is made from real fruit and contains vitamins of natural origin. It is free from artificial flavor enhancers and coloring substances, as well as preservatives. Our Smart Gummy™ mango-flavored gummy is a healthy snack that will make you feel pleasant and light even after eating it.

## INGREDIENT HIGHLIGHTS

### STEVIA LEAF EXTRACT

This sweet-tasting shrub belongs to the chrysanthemum flower family. It contains natural antioxidants, which have been further enhanced thanks to Sunrider's concentration processes.

### VITAMIN-B12

A water-soluble vitamin that helps the formation of red blood cells and supports the optimal functioning of the central nervous system. In addition, it balances mood swings, our energy level, and enhances mental focus, memory and our immune system.

### VITAMIN-E

This type of vitamin E has an antioxidant effect, so it protects our body against harmful toxins and environmental influences, and helps eliminate free radicals from the body.

## FAQS

**Q:** Does Smart Gummy™ mango flavored gummy contain gelatin?

**A:** No, absolutely gelatin-free gummy candy. Instead of gelatin (which is of animal origin), our Smart Gummy™ snack is made from a soft pectin, which is extracted from fruit. The pectin is 100% plant-based, and since the other ingredients do not contain animal derivatives, Smart Gummy™ is also completely suitable for vegans / vegetarians.

**Q:** How do we achieve the orange color of Smart Gummy™?

**A:** We named our healthy gummies "smart" snacks for a reason. It is made from natural ingredients and does not contain artificial additives or coloring matter. The special color of our Smart Gummy™ product comes from the use of real fruit and high-quality vegetable juice.
