## INGREDIENT HIGHLIGHTS

### VITAMIN B12

A member of the complex B group of vitamins, this water-soluble vitamin aids in the formation of red blood cells and helps your body's central nervous system function properly. This hardworking vitamin supports mood, energy, mental focus, memory, and the immune system.

## FAQs

**Q: Why should I take VitaSpray®?**

**A:** Vitamin B12 can't be made by the body; instead it must be obtained from food or supplements. Vitamin B12 is found primarily in meat and dairy products, so vegans and strict vegetarians are particularly at risk for a deficiency. Additionally, elderly people who suffer from certain gastrointestinal disorders are at risk because their bodies have difficulty absorbing the normal type of B12 that is in food. A National Health and Nutrition Examination Survey estimated that 3.2% of adults over age 50 have a seriously low B12 level, and up to 20% may have a borderline deficiency.

**Q: What is the benefit of using a spray bottle?**

**A:** The spray bottle provides a convenient way to deliver B12 and other nutrients under the tongue for immediate absorption into the bloodstream. And there's no worry or hassle about having to swallow tablets or endure a painful injection. And that's not all, VitaSpray® also tastes great too, so you'll actually enjoy taking it!
