## FAQS

**Q:** What are the benefits of drinking Sunrider VitaFruit®?

**A:** Sunrider VitaFruit® increases the nutritional value of whatever you add it to. It’s a good source of vitamins A and C, powerful antioxidants shown to be effective in neutralizing free radicals. It also contains bioflavonoids, carotenoids, amino acids, and a host of other nutrients. Sunrider VitaFruit®, particularly in combination with Beauty Pearl®, also provides essential collagen-building nutrients that support skin health and natural beauty.

**Q:** How Does Sunrider VitaFruit® compare with other beverages?

**A:** Sunrider VitaFruit® is a great replacement for beverages that are high in calories and sugar. Per serving, it contains only 60 calories and 9 grams of sugar, comparing favorably with typical sports drinks (about 130 calories/14 grams of sugar per serving), sodas (about 140 calories/39 grams of sugar per serving), and orange juice (about 150 calories/29 grams of sugar per serving).

## RECOMMENDATION

Add one mini pack bottle (one serving) of Sunrider VitaFruit® to 6–8 ounces of cold water and drink it as often as desired. Refrigeration of this product is recommended for maximum shelf-life of nutrients. Can also be added to food to impart a fruity flavor and boost nutrition.
