

ELECTROSPORT®

Support your active lifestyle with ElectroSport®, a liquid concentrate that contains sodium, potassium, magnesium, and other essential minerals. It is designed to help maintain electrolyte balance and normal muscle function. The concentrated contents of each vial can be added to water or Fortune Delight® to support hydration and mineral intake during physical activity. Free from added sugars and artificial sweeteners, ElectroSport offers a convenient alternative to traditional sports drinks.

BENEFITS

- Helps to maintain normal electrolyte balance
- No added sugars, chemicals, or artificial stimulants
- Suitable for individuals with active lifestyles, including athletes
- Mixes easily with water to support mineral intake and hydration during physical activity
- Handy, portable vial

FAQ

Q: What are electrolytes and why are they important?

A: Electrolytes are essential minerals that carry an electrical charge when mixed with water. They help support key bodily functions, including hydration, muscle function, nerve signaling, and maintaining pH balance.

Q: Why do we need to maintain normal electrolyte balance?

A: The balance of electrolytes in your body can be easily altered by sweating, vomiting, and diarrhea. ElectroSport® provides essential minerals that help support electrolyte balance and muscle function, especially during physical activity or fluid loss.

Q: What are some of the key minerals in ElectroSport®?

A: ElectroSport contains a combination of minerals—including calcium, potassium, magnesium, zinc, iron, manganese, chromium, and selenium—formulated for optimal absorption and support of electrolyte balance.

HOW TO USE

Adults: Drink 1 bottle (15 mL) of ElectroSport® per day or add to 250 mL–500 mL of water/ beverage of your choice. Take with food, a few hours before or after taking other medications or natural health products.

Always read the product label – Use as directed.

The information provided for the Recommended Use is applicable to products sold in Canada only. Please note that daily dosage and labeling instructions differ between Canada and the United States. Also, please be aware that everyone's body is unique and may react differently to our products. The Recommendation for this product should be treated as the maximum daily recommended dosage for adults.

INGREDIENT HIGHLIGHTS

POTASSIUM

An essential mineral that helps regulate fluid balance, supports muscle contraction, and contributes to healthy nerve function. It plays a key role in maintaining normal blood pressure and cellular hydration.

MAGNESIUM

This macro-mineral supports normal muscle and nerve function, helps regulate blood sugar and blood pressure, and contributes to the formation of protein and DNA. It is involved in over 300 enzymatic reactions in the body.

SELENIUM

This trace mineral plays a role in thyroid hormone metabolism, reproduction, and protection against oxidative stress. It contributes to the maintenance of normal immune function.

Medicinal Ingredients / Ingrédients médicinaux:	
Each bottle (15 mL) contains / Chaque flacon (15 mL) contient:	
Calcium (Calcium Hydroxide / Hydroxyde de calcium)	79.5 mg
Potassium (Potassium Chloride / Chlorure de potassium)	70.5 mg
Magnesium / Magnésium (Magnesium Oxide / Oxyde de magnésium)	40.5 mg
Zinc (Zinc Oxide / Oxyde de zinc)	10.5 mg
Iron / Fer (Iron (II) Sulphate, Heptahydrate / Sulfate de fer (II), heptahydraté)	6 mg
Manganese / Manganèse (Manganese (II) Chloride / Chlorure de manganèse (II))	3 mg
Chromium / Chrome (Chromium (III) Chloride / Chlorure de chrome (III))	132 mcg
Selenium / Sélénium (Selenium Aspartate / Aspartate de sélénium)	123 mcg
Non-medicinal Ingredients / Ingrédients non médicinaux:	
Water, Lemon Peel Essential Oil, Sodium Chloride, Hydrochloric Acid and L-Lysine Hydrochloride / Eau, huile essentielle de pelure de citron, chlorure de sodium, acide chlorhydrique, monochlorhydrate de L-lysine.	
Hypersensitivity has been known to occur; in which case, discontinue use. Store in airtight container, protected from light. Do not use if security seal is broken. / Une hypersensibilité peut se manifester. Si tel est le cas, cesser l'utilisation. Entreposer dans un contenant hermétique à l'abri de la lumière. Ne pas utiliser si le sceau de sécurité est brisé.
