

SUNRIDER®

Collagen Peptide Complex

Move Freely, Live Fully

Collagen Peptide Complex

Our powerful joint-support formula blends marine collagen, glucosamine sulfate, and turmeric to promote healthy, flexible joints. Our hydrolyzed marine collagen, which has a low molecular weight and high peptide content, maximises effectiveness to support mobility. Packed with effective ingredients, it helps you stay active and keep doing what you love. With its easy-to-mix powder and delicious ginger-turmeric flavour, it's a convenient and enjoyable way to say hello to more freedom and movement.*

BENEFITS

- Supports joint mobility and flexibility*
- Provides essential proteins to maintain joint health*
- Supports bone strength and density*
- Helps maintain cartilage health*

USAGE

Mix one scoop (5 g) into 250mL of water. You can also blend it with Fortune Delight®, Calli® SunFit® Protein Plus, yogurt, or smoothies. Dissolves easily in hot or cold liquids. For optimal results it's recommended to have two servings a day.

FEATURES

Made in the USA

No Gluten, Wheat, or Yeast

No Milk or Lactose

No Sweeteners or Preservatives

No Artificial Color or Flavor

No Fishy Odor or Taste

FAQ

Q: What are collagen peptides?

A: Collagen peptides are short chains of amino acids derived from collagen protein that are hydrolysed (broken down into smaller pieces). These peptides support skin, joints, bones, and connective tissues by providing essential building blocks for collagen production.*

Q: Why was marine collagen used for this product?

A: Marine collagen is a clean, sustainable alternative to bovine, chicken, or porcine sources. We source ours from Friend of the Sea–certified fisheries and aquaculture (fish farming), ensuring responsible use of marine resources and supporting ocean health. With aquaculture now supplying over 50% of fish for human consumption, responsible sourcing helps protect wild stocks, preserve marine habitats, and reduce environmental impact.

Our collagen is carefully extracted from nutrient-rich parts of the fish for purity, potency, and effectiveness—delivering a premium supplement that's good for you and good for the planet.

INGREDIENT HIGHLIGHTS

MARINE COLLAGEN

Derived from fish collagen peptides, our hydrolysed marine collagen provides essential proteins that help maintain cartilage integrity and support bone density and strength for overall bone health.*

GLUCOSAMINE SULFATE

This natural compound helps maintain cartilage, the cushioning that keeps joints moving smoothly. By supporting cartilage integrity, it promotes mobility, flexibility, and overall joint health.*

TURMERIC (CURCUMIN)

Curcumin, the active compound in turmeric, acts as a powerful antioxidant to protect cells from free radical damage.*
