MANUFACTURED

PURE PROTECTION FROM BODY ODOR

Kandesn® Herbal Deodorant keeps you fresh and complements your Sunrider personal care regimen. Feel confident all day long with this exclusive, powerfully concentrated formula. Made from natural ingredients such as herbal extracts, essential oils, and baking soda, it has a fresh, clean scent and provides long-lasting protection against odor and wetness. The special roll-up applicator eliminates messiness.

PHILOSOPHY OF REGENERATION®

Typical antiperspirants contain a sweat-stopping ingredient called aluminum chloride, which plugs the pores, not allowing you to sweat. Our natural formula is based on the Philosophy of Regeneration®, which maintains that the skin should breathe and function naturally, including by cooling and detoxing through perspiration.

INGREDIENT HIGHLIGHTS

BAKING SODA

Baking soda, aka sodium bicarbonate, helps neutralize body odor and regulate pH—keeping a substance neither too acidic nor too alkaline.

LEMON OIL

This essential oil has a fresh, clean fragrance.

FAQS

Q: Why should I stop using an antiperspirant and use Kandesn® Herbal Deodorant instead?

A: To prevent sweating, antiperspirants work by clogging, closing, or blocking pores with powerful astringents like aluminum salts. This inhibits the body's ability to regulate its temperature and eliminate toxins, two major functions. Our herbal deodorant neutralizes body odor with natural ingredients while also combating odor causing bacteria. And it does all this while letting your skin breathe and function normally.

RECOMMENDATION

Turn dial to raise product. Glide on, applying evenly to underarm. Replace cap after each use.

BENEFITS

- Made with herbal extracts
- No heavy metals or chemicals
- Long-lasting odor protection
- Won't discolor clothes
