

# Product Fact Sheet

## SuncarePlus™

### SOOTHE YOUR SKIN

SuncarePlus™ is a potent blend of stevia leaf extract and chrysanthemum flowers. Other brands commonly use a chemical reaction to process stevia, altering its natural structure. However, the stevia in SuncarePlus™ undergoes a unique purifying and concentration process that preserves the natural structure. Highly concentrated and all natural, SuncarePlus™ helps smooth and nourish delicate skin when used as a masque.

### PHILOSOPHY OF REGENERATION®

The formula for SuncarePlus™ is based on the Philosophy of Regeneration®—the belief that we should nourish and cleanse our bodies with the best nutrition to reach balance, and thus optimal health.

### INGREDIENT HIGHLIGHTS

#### STEVIA

This natural sweet-tasting plant contains antioxidants. It belongs to the chrysanthemum family and originated in South America.

#### CHRYSANTHEMUM

This beautiful flower contains many natural antioxidants and essential minerals, such as calcium, magnesium, folate, iron, sodium, and potassium.

### FAQS

**Q:** Where does stevia come from?

**A:** Stevia extract comes from the Stevia rebaudiana plant, an herb in the chrysanthemum family that grows wild as a small shrub in parts of Paraguay and Brazil.

**Q:** How is Suncare™ different from SuncarePlus™?

**A:** Suncare™ is a concentrated raw extract of stevia, while SuncarePlus™ is a purified extract concentrate of stevia. Compared to Suncare™, SuncarePlus™ has a lighter color and a higher concentration of the sweet-tasting component of the stevia plant.

### RECOMMENDATION

After cleansing, apply SuncarePlus™ topically. Allow to dry. Rinse with water. For external use only.
