

KANDES® PURE Beauty Water

This delicate blend of botanical extracts resets your skin's natural pH level after cleansing to balance and hydrate while creating a clean base for the next steps in your skincare routine. Our skin-loving vegan formula is enriched with Turkish rose oil, witch hazel, and chamomile flower extract to calm, soothe, and revive even the most irritated skin.

BENEFITS

- Safe and gentle for all skin types
- Refreshes, cleans, tones, and soothes
- Tightens the appearance of pores
- Preps skin for moisturizers and foundation
- Naturally vegan

FAQ

Q: How can this product help my skin?

A: Think of Kandes® Pure Beauty Water as prep for your pores. It helps thoroughly remove any residual cleanser or makeup left behind after cleansing. It also gently exfoliates your skin and helps restore its natural pH level, leaving your skin clean, clear, and ready to absorb your skincare products.

Q: Why is pH balance so important?

A: Our skin is naturally acidic, and its optimal pH value lies between 4.7 and 5.75 (on a scale from 0 to 14). But that balance can be disrupted after cleansing due to the alkaline nature of many soaps and cleansers, and also by environmental factors such as air, water, sun, and pollution. When this happens, your skin's protective acid mantle needs to work overtime to return to its normal levels (and that may result in excess oil production), but using a pH-balanced toner can help quickly restore this balance.

HOW TO USE

Mist the face or saturate a cotton pad and smooth over face and neck in circular motions after cleansing. Reapply as needed, depending on the climate and/or skin condition.

Always read the product label – Use as directed.

INGREDIENT HIGHLIGHTS

NIACINAMIDE

This form of vitamin B3 helps support collagen production, which helps diminish the appearance of fine lines, wrinkles, and pores.

ROSA CENTIFOLIA FLOWER WATER

The steam distillate from the flowers of the cabbage rose is high in vitamin C and tannins, offering toning, aromatherapeutic, and antioxidant benefits. Its astringent properties help tighten the appearance of pores and calm inflammation.

BEET ROOT EXTRACT

This vegetable extract contains antioxidants, polysaccharides, and omega-3s to help provide moisturizing, and skin-soothing benefits.

SODIUM PCA

This naturally occurring humectant has superior water-absorbing properties. It works by attracting water to the upper layers of the skin, which promotes a plumped, hydrated look.

INGREDIENTS

Aqua, Pentylene Glycol, Hamamelis Virginiana (Witch Hazel) Water, Glycerin, Rosa Centifolia Flower Water, Hydroxyacetophenone, Panthenol, Niacinamide, Alcohol, Butylene Glycol, Disodium EDTA, PPG-26-Buteth-26, Sodium PCA, Allantoin, Fructooligosaccharides, PEG-40 Hydrogenated Castor Oil, Beta Vulgaris, Dipotassium Glycyrrhizate, Propylene Glycol, Potassium Lactate, Lactic Acid, Rose Oil, Porphyra Yezoensis Extract, Benzyl Alcohol, Inula Helenium Extract, Chamomilla Recutita (Matricaria) Flower Extract, Benzoic Acid.
