

vitadophilus®

Increase Your Gut Health and Immunity

- Natural, fast-acting proprietary probiotic
- Promotes optimal digestive and immune system health
- Supports intestinal comfort and function
- Delicious apple flavor even kids love

SUNRIDER®

Go with Your Gut

Balance your microbiome and boost your gut health, immunity, and metabolism. Our proprietary probiotic is formulated with a protective apple pectin coating that insulates it from harsh stomach acids, to ensure fast-acting, maximum nutrient absorption. VitaDophilus® even helps displace non-beneficial microorganisms that can cause bloating and discomfort. It's an easy, effective way to boost your overall health—tastes delicious, too!

Ingredients

Apple Fruit Powder, Apple Fruit Flake, and Lactobacillus Acidophilus LA-14 (Contains 1,000,000 CfU/g/1x10⁶ CfU/g of Probiotic Culture).

How to Use

Package may be taken as is or dissolved in water three times a day at meal time.

FAQs

Q: Isn't bacteria harmful?

A: Bacteria gets a bad rap. While the idea of consuming bacteria can be unsettling, it's important to know the facts: Probiotics, or "friendly bacteria," are naturally found in foods like yogurt and miso, as well as inside your body. These beneficial bacteria can help improve gut health, boost immunity, and support many of your body's systems.

Q: How does beneficial bacteria become depleted?

A: Colonies of beneficial bacteria live inside your gut to help you properly digest food and absorb nutrients. Illness, gastrointestinal disorders, autoimmune diseases, chronic alcohol use, antibiotics, laxatives, and poor diet can deplete these critical colonies, wreaking havoc on your digestive system and causing abdominal discomfort, bloating, and constipation. VitaDophilus® is a convenient, effective way to naturally help rebuild gut flora and restore digestive balance.
