## INGREDIENT HIGHLIGHTS

### AVOCADO OIL

One of the most penetrative of all plant oils, avocado oil provides long-lasting moisturizing effects. Its potent humectant properties also promote skin softness and plumping hydration.

### JOJOBA SEED OIL

A natural emollient, jojoba oil's similarity to natural oils in skin allow it to absorb easily, making it a gentle, skin-softening moisturizer for all skin types.

### SQUALANE

Squalane derived from olive oil has powerful antioxidant properties and delivers a moisturizing effect that helps restore lost oils.

### WHEAT GERM OIL

Extracted from the germ of the wheat kernel, this natural oil supports the body's ability to repair skin cells that have been damaged by the sun, pollution, or an unhealthy diet. The antioxidants also help fight free radical damage, which can accelerate the aging process on the skin.

## FAQs

**Q: I read that the slightly acidic formulation of Kandes® Revitalizing Masque harmonizes with skin's natural pH balance. But what does pH balance mean?**

**A:** The term pH stands for "potential hydrogen" and is used to describe the acid/alkaline ratio of a substance, which ranges from 0 (the most acidic) to 14 (the most alkaline). The skin's barrier, known as the acid mantle, is responsible for keeping in lipids and moisture while blocking germs, pollution, toxins, and bacteria. To function at its best, the acid mantle should be slightly acidic, at a 5.5 pH balance.
