INGREDIENT HIGHLIGHTS

POTASSIUM

This vital macromineral plays a key role in your overall health and well-being. It helps maintain proper fluid levels, ensure the muscles and nerves are working appropriately, and keep the heart beating regularly.

MAGNESIUM

One of the seven essential macrominerals, magnesium plays a big role in both anaerobic and aerobic energy production, particularly in the metabolism of adenosine triphosphate (ATP), the “energy currency” of the body.

SELENIUM

This important mineral supports antioxidant activity that defends against free radical damage and inflammation and supports a healthy metabolism and immune system.

FAQs

Q: What are electrolytes and why are they important?

A: Electrolytes are minerals that conduct an electrical charge when mixed with water. They help regulate a variety of your body's most essential functions, including hydration, pH balance, nerve signaling, and muscle contraction.

Q: Why do we need to replenish electrolytes?

A: The balance of electrolytes in your body can be easily altered by sweating, vomiting, and diarrhea. People who exercise regularly should replace their electrolytes by drinking a healthy liquid concentrate like ElectroSport®.

Q: What are some of the key minerals in ElectroSport®?

A: ElectroSport® contains a wide spectrum of key minerals, including calcium, potassium, magnesium, zinc, iron, manganese, chromium, and selenium. Our formula is expertly made to ensure rapid absorption of micro- and macrominerals.

HOW TO USE

Add one 15 ml bottle of ElectroSport® to 2 liters of Fortune Delight®, water or other drink and enjoy during the day.
