- Supports pH balance
- Specially formulated with natural ingredients

Product Fact Sheet

Kandesn® Astringent

CLEANSE, TONE, AND REFRESH

Kandesn® Astringent deep cleans pores, leaving skin looking and feeling refreshed and healthy. Astringent finishes off cleansing and begins your moisturizing regimen. It's designed for all skin types, especially oily, sensitive, irritated, or acne-prone skin. This advanced formula contains no rubbing alcohol or mineral oil (ingredients commonly found in other astringent brands), which can irritate delicate skin. Instead, it's made with a unique combination of skin-soothing herbal extracts.

PHILOSOPHY OF REGENERATION®

Dr. Tei-Fu Chen has applied his Philosophy of Regeneration® to skin care and has achieved beautiful results. The finest herbal and botanical ingredients are expertly formulated to promote the health and vitality of your skin. We never use harmful ingredients such as mineral oil, petroleum by-products, or animal-derived proteins and oils, which can actually suffocate the skin and cause premature aging. Kandesn® Astringent helps restore pH balance while cleaning and moisturizing the skin.

INGREDIENT HIGHLIGHTS

WITCH HAZEL

Derived from a flowering shrub, witch hazel is a potent astringent and helps to lock in moisture.

SUGAR CANE

Sugar contains glycolic acid, an alpha-hydroxy acid crucial for maintaining healthy skin. The natural glycolic acid in sugar helps condition and moisturize skin.

FAQS

Q: How does Kandesn® Astringent help my skin?

A: Astringent is an important part of a daily beauty routine. It can help to even skin tone, minimize pores, and improve skin's appearance. Astringent is usually applied after cleansing but before moisturizing. A high-quality astringent like Kandesn® Astringent helps to remove leftover traces of dirt, cleanser, and makeup. Free of alcohol, the Kandesn formula doesn't dry out, sting, or irritate skin like many astringents do.

RECOMMENDATION

Apply to a clean face with a cotton ball or pad in a light upward and outward motion. Avoid eye areas. Then apply Deep Moisture Lotion for best results.
