

Kandesn[®] Herbal Deodorant

Kind to the Planet, Gentle on Your Skin

Kandesn® Herbal Deodorant

Our new-and-improved natural deodorant is powered by a premium blend of botanicals, herbal extracts, and other natural ingredients, delivering long-lasting freshness so you can feel confident and comfortable throughout your day.

Skin-nourishing coconut oil, zesty citrus lemon seed oil, and creamy shea butter combine to soothe, hydrate, and moisturize while arrowroot powder, activated charcoal, baking soda, and aloe vera effectively neutralize odor and absorb sweat. Antioxidant-rich vitamin E and capric triglyceride safeguard your skin against the harmful effects of free radicals and environmental stressors.*

Made with 100% recyclable packaging, our deodorant is kind to the planet and gentle on your skin.

BENEFITS

- Long-lasting odor and sweat protection
- Nourishes, conditions, and moisturizes the skin
- Creamy, comfortable, easy-gliding formula
- Mess-free, won't stain clothing

FEATURES

FAQ

Q: What sets Kandesn Herbal Deodorant apart from chemical deodorants?

A: The differences lie in their composition and how they function. Chemical deodorants typically have aluminum compounds to block sweat glands or eliminate odor-causing bacteria through antibacterial agents.

Kandesn Herbal Deodorant works by neutralizing odor-causing bacteria and absorbing perspiration. Instead of blocking sweat glands, they allow the body to sweat naturally, relying on natural compounds to neutralize odor and absorb moisture.

Q: Can Kandesn Herbal Deodorant be used by both men and women?

A: Yes, Kandesn Herbal Deodorant is suitable for both men and women. It's also a great deodorant for teens and young adults. Its natural fragrance and effective odor control make it a versatile choice for anyone looking for a natural deodorant solution.

HOW TO USE

Gently glide the deodorant stick onto your underarms, applying an even layer of product to cover the entire area.

Always read the product label—use as directed.

INGREDIENT HIGHLIGHTS

ACTIVATED CHARCOAL

This ingredient effectively neutralizes odor and absorbs sweat, helping to keep your underarms feeling dry, fresh, and comfortable throughout the day.

ALOE VERA

Along with its moisturizing and soothing effects, the gel from this succulent plant has antibacterial properties that combat odor-causing bacteria.

D-TOCOPHEROL

A natural form of vitamin E, d-tocopherol moisturizes skin and is a powerful antioxidant that helps to protect the skin from damage caused by free radicals and environmental stressors.*

SHEA BUTTER

This deeply moisturizing emollient contains vitamins A, E, and F (two essential fatty acids), which combine to nourish, condition, and protect the skin. Shea butter also promotes collagen production.
