TOCOPHERYL ACETATE

This form of vitamin E is a known antioxidant, anti-aging agent, and moisturizer, with skin-soothing properties.

SODIUM PCA

This naturally occurring humectant has high water-absorbing properties and even has the ability to absorb moisture from the air. It holds several times its weight in water.

FAQS

Q: Does Dr. Chen® Youth Masque take the place of Oi-Lin® Clay Mask and Kandesn® Revitalizing Mask?

A: No. Dr. Chen® Youth Masque is a hydrating mask, not a cleansing mask. It can also be used as a “sleeping mask,” worn overnight to provide deep hydration to moisture-depleted skin cells. But, you should still apply the Oi-Lin® Clay Mask for deep pore cleansing or the Kandesn® Revitalizing Mask for a boost of anti-aging antioxidants and energizing vitamins that support skin's texture and strengthen its mantle barrier.

Q: Can I use Dr. Chen® Youth Masque during the day?

A: Feel free to use the mask whenever you need a surge of moisture that lasts and lasts. However, nighttime is when skin is in reparative mode, so you'll reap bigger beauty benefits if applied at night. It's also great for airplane travel when the skin tends to dry out.
