

KANDESN® REVITALIZING MASK

Your face will look and feel refreshed and alive after using Kandesn® Revitalizing Masque. Our luxurious peel-off masque gently exfoliates excess dead skin cells and lifts away surface dirt and residues to reveal the appearance of smoother, glowing skin. Rich in moisturizing botanicals such as jojoba seed oil, vegetable-origin squalane, and avocado oil, it leaves skin looking smooth, soft, and supple.

BENEFITS

- Helps lift away dirt and surface debris
- Gently exfoliates to reveal smoother, softer-looking skin
- Deeply cleanses pores without causing dryness
- Enhances the appearance of youthful softness and radiance
- Helps maintain the skin's natural pH balance
- Moisturizes with plant-based emollients for a supple feel

FAQ

Q: I read that the slightly acidic formulation of Kandesn® Revitalizing Masque harmonizes with skin's natural pH balance. But what does pH balance mean?

A: The term pH stands for “potential hydrogen” and is used to describe the acid-alkaline ratio of a substance, which ranges from 0 (the most acidic) to 14 (the most alkaline). Healthy-looking skin typically maintains a slightly acidic surface, around pH 5.5, which helps preserve its appearance and protect against dryness. Cosmetic products formulated to be pH-balanced can help maintain the skin's natural surface condition and support its refreshed, radiant look.

HOW TO USE

Clean your face with Kandesn® Cleansing Cream and Kandesn® Cleansing Foam or Oi-Lin® Warm Facial Scrub. Apply a thick layer of Kandesn® Revitalizing Masque gently with fingertips, avoiding eyebrows, lips, and hairline. Let dry for 10 to 20 minutes, then peel from top to bottom. Use once a week. Alternate with Oi-Lin® Clay Mask and follow with Step 4 of the Kandesn skin care regimen, Oi-Lin® Facial Toner.

INGREDIENT HIGHLIGHTS

AVOCADO OIL

A deeply moisturizing plant oil that helps soften the skin and enhance hydration for a plump-looking appearance.

JOJOBA SEED OIL

A gentle, skin-softening emollient that closely resembles natural skin oils, making it suitable for all skin types.

SQUALANE (VEGETABLE ORIGIN)

Derived from olive oil, this ingredient helps moisturize and replenish the skin's surface.

WHEAT GERM OIL

A natural oil that helps improve the appearance of dry skin and supports a smoother look.
