FAQs

Q: Does Smart Gummy™ contain gelatin?

A: No, these are gelatin-free gummies. Instead of gelatin (which is derived from animals), our Smart Gummy™ are made with a soft pectin base derived from fruit. The pectin is 100% plant based, and because none of the other ingredients contains animal derivatives, Smart Gummy™ is suitable for vegans/vegetarians

Q: Where does the colouring for Smart Gummy™ come from?

A: We named our gummies "smart" for a reason. They're made with natural ingredients and don't contain anything artificial, including colours. The Smart Gummy™ colour comes from real fruit and vegetable juice of the highest quality.
