INGREDIENT HIGHLIGHTS

D-TOCOPHEROL

This natural source of super-antioxidant vitamin E has documented soothing and protective anti-aging benefits for the skin.

SWEET ALMOND OIL

An emollient oil extracted from the nuts of the sweet almond tree, it has soothing properties and nourishes all skin types. Delicate and light, it's easily absorbed and helps replenish lost moisture and oil. It works wonderfully as both a face and body moisturizer.

JOJOBA OIL

Derived from the seed of the jojoba plant, jojoba oil has a light, sweet floral scent and is known for its hydrating and moisturizing benefits. It's nearly identical in chemical structure to the natural oils in skin, so it's quickly absorbed without leaving a greasy residue.
