

SUNERGY™ PLUS

This vitamin supplement is formulated with a proprietary blend of herbs and natural sources of vitamin E to help support antioxidant defense and maintain physical performance. Vitamin E is a source of antioxidants that help protect cells from oxidative damage caused by free radicals. Sunergy™ Plus features an oil-based delivery system to support nutrient absorption. It is made without added stimulants or artificial ingredients.

BENEFITS

- Helps support physical performance and energy levels
- Provides a source of vitamin E
- Contributes to the maintenance of good health
- Oil-based formula to support absorption

FAQ

Q: What are some of the benefits of Sunergy™ Plus?

A: Sunergy™ Plus is formulated with a blend of natural ingredients, including Panax ginseng and vitamin E. Panax ginseng helps support cognitive function and energy metabolism, while vitamin E acts as an antioxidant that helps protect cells from oxidative damage caused by free radicals.

Q: How does vitamin E help protect the body from free radicals?

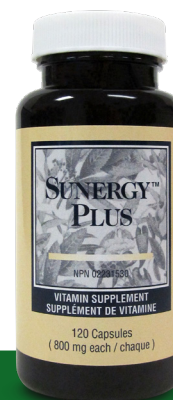

A: Vitamin E is a fat-soluble antioxidant that helps protect cells from oxidative damage caused by free radicals. Free radicals are unstable molecules that can result from normal metabolic processes and environmental exposures such as pollution and UV radiation. Antioxidants like vitamin E help maintain good health by reducing oxidative stress.

HOW TO USE

Adults: Take one capsule at meal time.

Always read the product label – Use as directed.

The information provided for the Recommended Use is applicable to products sold in Canada only. Please note that daily dosage and labeling instructions differ between Canada and the United States. Also, please be aware that everyone's body is unique and may react differently to our products. The Recommendation for this product should be treated as the maximum daily recommended dosage for adults.

INGREDIENT HIGHLIGHTS

VITAMIN E

As a naturally derived form of vitamin E, D-alpha tocopheryl is a stabilized, fat-soluble antioxidant known for its ability to protect cells from oxidative damage caused by free radicals. It plays a key role in supporting the body's antioxidant defense system and contributes to the maintenance of overall health.

KOREAN WHITE GINSENG

Used in Herbal Medicine to help support cognitive function, enhance physical performance, and support healthy glucose metabolism. It is also recognized as an adaptogen that helps increase energy and resistance to stress.

BEE POLLEN

Rich in naturally occurring nutrients, Bee pollen contains vitamins, minerals, amino acids, carbohydrates, and lipids, contributing to its overall nutritional profile.

Medicinal Ingredients / Ingrédients médicinaux : Each capsule contains / Chaque capsule gélatineuse molle contient :

Vitamin / Vitamine E (d-alpha tocopheryl / acetate de d alpha-tocophérol).....	200 IU / 134 mg ATE / 148 mg
