

DR. CHEN® YOUTH EMULSION

This powerhouse formula defies visible aging with scientifically advanced Swiss apple and French grape stem cells, which help prevent wrinkles, fight free radicals, and inhibit UV damage. Plant-based squalane and vitamin B5 hydrate and protect while skin-plumping peptides support collagen production to reveal firmer, smoother, younger-looking skin.

BENEFITS

- Delivers intense hydration
- Promotes youthful elasticity of the skin
- Diminishes the signs of aging
- Supports skin's ability to repair skin environmental damage
- Protects against future damage
- Supports skin's natural cycle of renewal
- Made without mineral oil and animal byproducts

1 oz. #01235

FAQs

Q: What are plant stem cells and how do they benefit the skin?

A: Plant stem cells are generally taken from plants and fruits that can stay fresh for a long time or regenerate on their own. Dr. Chen® Youth Emulsion harnesses the power of two types of plant stem cells. One is vitis vinifera fruit cell extract—stem cells from a prized French grape. Packed with powerful antioxidants, this ingredient has been shown to effectively combat environmental stressors, including the damaging effects of UV rays. The second is from a fruit cell culture extract derived from a rare Swiss apple. Containing protective antioxidants and water-attracting phospholipids, these stem cells have been shown to safeguard and condition the skin while smoothing out the appearance of fine lines and wrinkles.

HOW TO USE

Apply a generous amount on clean face and neck. Smooth in gently. Use morning and evening.

INGREDIENT HIGHLIGHTS

SQUALANE

Our premium-grade, vegetable-derived squalane works wonders on all skin types, helping to hydrate and protect the skin, fight wrinkle formation, and prevent premature aging of the skin.

RESVERATROL

This natural antioxidant helps protect skin against free-radical assaults by neutralizing oxidative stress that can cause cell damage. We use a special extraction process to enhance its ability to penetrate the skin for maximum efficacy.

PANTHENOL

A form of vitamin B5, panthenol acts as a skin moisturizer, helping to keep skin soft, smooth and healthy. It also supports the skin's healing processes.

PEPTIDES

Peptides act as building blocks of proteins such as collagen, elastin, and keratin, which are the foundations of your skin and responsible for its texture, strength, and resilience. We use a special peptide—tripeptide-33—that also helps repair and prevent the signs of photo-aging.

INGREDIENTS

Water (deionized), cetearyl alcohol, caprylic/capric triglyceride, glycerin, squalane (veg. Origin), dimethicone, octyldodecyl neopentanoate, cyclopentasiloxane, glyceryl stearate, peg-100 stearate, sodium hyaluronate crosspolymer, malus domestica fruit cell culture extract, vitis vinifera cell extract, pichia/resveratrol ferment extract, diaminopropionoyl tripeptide-33, acetyl hexapeptide-8, hydrolyzed algin, tocopheryl acetate, retinyl palmitate, panthenol, bisabolol, isomalt, cetareth-20, zeamays (corn) oil, disodium edta, carbomer 940, and triethanolamine.

NOURISH + CLEANSE = BALANCE

Sunrider® products are based on a simple yet powerful idea that blends Traditional Chinese Medicine with advanced science. We call it our Philosophy of Regeneration®. When you nourish with only the finest natural ingredients and cleanse of harmful chemicals and artificial colors, flavors, and preservatives, you bring your body into balance. A balanced body is a healthy body.
