FAQ

Q: How is SunTrim® Shake different from other protein and workout supplement shakes?

A: SunTrim® Shake is a plant-based formula made without artificial flavors, colors, sweeteners, or chemical additives. It's a whole-food-based supplement that includes natural vitamins and minerals to support nutrient intake and overall wellness.

Q: Is SunTrim® Shake easy to digest?

A: SunTrim® Shake is formulated with plant-based proteins and whole-food ingredients that are typically well tolerated and suitable for vegan diets.

Q: Does SunTrim® Shake provide complete protein?

A: SunTrim® Shake is formulated with plant-based proteins and whole-food ingredients that are typically well tolerated and suitable for vegan diets.

Q: Does SunTrim® Shake help with appetite?

A: SunTrim® Shake contains protein and fiber-rich ingredients that help satisfy appetite and promote satiety.*

HOW TO USE

Adults: Mix 1 package per day with 1-2 cups of water, milk, almond milk or favourite healthy beverage in a shaker bottle, immediately before consumption. Ensure to drink enough fluid before, during, and after exercise. Take with food a few hours before or after taking other medications or natural health products.

Always read the product label – Use as directed.

* When combined with regular weight/resistance training and a healthy balanced diet.

The information provided for the Recommended Use is applicable to products sold in Canada only. Please note that daily dosage and labeling instructions differ between Canada and the United States. Also, please be aware that everyone's body is unique and may react differently to our products. The Recommendation for this product should be treated as the maximum daily recommended dosage for adults.

INGREDIENT HIGHLIGHTS

PEA PROTEIN

A plant-based protein that provides all nine essential amino acids, including branched-chain amino acids (BCAAs), to help build and repair body tissues and support lean muscle development.*

RIBOFLAVIN

Known for its role in energy metabolism and tissue formation, Riboflavin supports nutritional needs for active lifestyles and overall wellness.*

GARCINIA FRUIT

A tropical fruit traditionally used in culinary practices, valued for its tart flavor and its role in helping meals feel more satisfying.
