FAQ

Q: How can VitaTaste® support my wellness goals?

A: VitaTaste® helps support healthy glucose metabolism, which plays an important role in overall metabolic health. Balanced glucose levels may help reduce fluctuations in energy and appetite, contributing to better dietary habits when combined with a nutritious diet and regular physical activity.

HOW TO USE

Adults: Take 7 capsules twice daily. Consult a health care practitioner for use beyond 3 months.

Always read the product label – Use as directed.

The information provided for the Recommended Use is applicable to products sold in Canada only. Please note that daily dosage and labeling instructions differ between Canada and the United States. Also, please be aware that everyone's body is unique and may react differently to our products. The Recommendation for this product should be treated as the maximum daily recommended dosage for adults.

INGREDIENT HIGHLIGHTS

PANAX GINSENG

Traditionally used to support vitality and overall well-being. Its active compounds, ginsenosides, have antioxidant properties and are associated with promoting healthy glucose metabolism, a key factor in maintaining metabolic health.

JOB'S TEARS

Used in Traditional Chinese Medicine to support digestive function and eliminate dampness. Its fiber and antioxidant content may help maintain healthy lipid and glucose levels, contributing to balanced metabolic function.

LOTUS SEED

Traditionally used to support spleen and kidney function and promote digestive comfort. It contains fiber and phytonutrients that help maintain internal balance and support general wellness.
