Vitamin B6	0.04 mg	2%
Vitamin B12	12 mcg	200%
Panthenol (pro-vitamin for pantothenic acid)	0.3 mg	3%

## FAQs

**Q: Why should I take VitaSpray®?**

**A:** Vitamin B12 can't be made by the body; instead it must be obtained from food or supplements. Vitamin B12 is found primarily in meat and dairy products, so vegans and strict vegetarians are particularly at risk for a deficiency. Additionally, elderly people who suffer from certain gastrointestinal disorders are at risk because their bodies have difficulty absorbing the normal type of B12 that is in food. A National Health and Nutrition Examination Survey estimated that 3.2% of adults over age 50 have a seriously low B12 level, and up to 20% may have a borderline deficiency.

**Q: What is the benefit of using a spray bottle?**

**A:** The spray bottle provides a convenient way to deliver B12 and other nutrients under the tongue for immediate absorption into the bloodstream. And there's no worry or hassle about having to swallow tablets or endure a painful injection. And that's not all, VitaSpray® also tastes great too, so you'll actually enjoy taking it!

## HOW TO USE

Spray once or twice directly into mouth and enjoy a refreshing burst of vitamins and minerals.

## INGREDIENTS
