Product Fact Sheet

SunSmile® Herbal Whitening Gel

SMILE BRIGHTER!

Our natural formulation whitens teeth safely and effectively without the harsh chemicals found in most other teeth whitening products. Formulated with owner expertise, SunSmile® Herbal Whitening Gel is a healthy addition to any oral care routine. Use it on a toothbrush with SunSmile® Herbal Toothpaste or apply it directly to teeth to brighten your smile.

PHILOSOPHY OF REGENERATION®

The SunSmile® line of oral care products is based on the Philosophy of Regeneration® and uses only the finest natural ingredients in its products, which means no fluoride, no sodium lauryl sulfate, no sugar or saccharin, no alcohol, and no artificial colors or flavors. Formulated with natural ingredients, SunSmile® Herbal Whitening Gel is a safe, effective way to remove stains on your teeth and add radiance to your smile.

INGREDIENT HIGHLIGHTS

PEROXIDE

A colorless liquid with strong oxidizing properties, commonly used in diluted form for cleaning and teeth whitening.

GRAPE FRUIT EXTRACT

This citrus fruit extract can be used to help prevent gingivitis, to promote healthy gums, and as a breath freshener.

FAQS

Q: What are the advantages of using SunSmile® Herbal Whitening Gel?

A: With regular use of our gel, you can have whiter teeth with a healthy shine for a fraction of what your dentist would charge. Our special formulation uses maximum strength peroxide and extra enzymes for stain removal, and the natural ingredients make it safe for tooth enamel. It's slightly acidic pH, so it's safe for tooth enamel.

Q: Does SunSmile® Herbal Whitening Gel work on different types of stains?

A: Yes, SunSmile® Herbal Whitening Gel effectively fights stains caused by common teeth-staining substances such as coffee, tea, wine, berries, tomato sauce, tobacco, and colored sports drinks.

RECOMMENDATION

Use a drop of SunSmile® Herbal Whitening Gel on your toothbrush. It can be used by itself, or together with SunSmile® Herbal Toothpaste and SunSmile® Refresher Drops daily to clean and brighten teeth.
